Lisa and Laura have been in a relationship for the past ten years. Laura has two children Dina age sixteen and Daniel age seven. During the past five years Lisa and Laura's relationship has become more and more violent. When Lisa becomes angry she screams insults at Laura, will push and shove her; and during the past year she has assaulted Laura giving her black eyes, bruises, cuts and scrapes. The children often witness the fights, and Dina recently stepped in to protect her mom and received a black eye. Dina is currently having difficulty at school with disruptive and fighting behavior, she is failing most subjects, and her hygiene is poor. She often hits and screams at her brother and has begun to stay out all night long. Daniel is very introverted and shy. He is doing fine academically and medically, and appears to have adequate social skills at school.
