

### CFT Post Test

- I. Scenario: 64 days after the youth was taken into care and placed into a Short Term Residential Therapeutic Program, the initial CFT meeting was convened. The CFT facilitator and the youth's CWS social worker consulted and found the best time to have their meeting at the CWS CFT office. The CFT Facilitator spoke with the CWS social worker and the child's therapist to identify team members that should be present at the meeting and which items should be on the agenda.

#### Questions
