# Introduction

## ***Resource Family Approval (RFA) Overview***

The purpose of the Resource Family Approval (RFA) Program is to implement a unified, family-friendly, and child-centered Resource Family Approval process to replace the existing multiple processes for licensing foster family homes and approving relatives and non-related extended family members as foster care providers, and approving families for legal guardianship or adoption.

The RFA Program will eliminate duplication, coordinate approval standards, and provide a comprehensive assessment of all families.

A Resource Family shall be considered eligible to provide foster care for related and unrelated children in out-of-home placement, shall be considered and approved for adoption or guardianship, and shall not have to undergo any additional approval or licensure.

## ***Delivery Recommendations***

This training is intended to be delivered as written by a co-training team comprised of a trainer and a representative from California Department of Social Services RFA team. It may be delivered in four consecutive days or as individual day-long modules.

## ***Trainer Preparation***

Prior to delivering this training, the trainer should:

1. Read the All County Letters pertaining to RFA
2. Review the local county policies regarding the specific implementation agreements to understand the specific needs of the county.
3. Review the Written Directives

# Components of the Trainer's Guide

## **Background and Context**

The Background and Context section describes the purpose of the RFA program.

## **Learning Objectives**

The Learning Objectives serve as the basis for the Training Content that is provided to both the trainer and trainees. All the Learning Objectives for the curriculum are listed in both the Trainer's and Trainee's Guides. The Learning Objectives are subdivided into three categories: Knowledge, Skills, and Values. They are numbered in series beginning with K1 for knowledge, S1 for skills, and V1 for values. The Learning Objectives are also indicated in the Lesson Plan for each segment of the curriculum.

*Knowledge Learning Objectives* entail the acquisition of new information and often require the ability to recognize or recall that information. *Skill Learning Objectives* involve the application of knowledge and frequently require the demonstration of such application. *Values Learning Objectives* describe attitudes, ethics, and desired goals and outcomes for practice. Generally, *Values Learning Objectives* do not easily lend themselves to measurement, although values acquisition may sometimes be inferred through other responses elicited during the training process.

## **Lesson Plan**

The Lesson Plan in the Trainer's Guide is a mapping of the structure and flow of the training. It presents each topic in the order recommended and indicates the duration of training time for each topic. The suggested Lesson Plan is offered as an aid for organizing the training.

The Lesson Plan is divided into major sections by Day 1, Day 2, Day 3 and Day 4 of the training, as applicable, and contains two column headings: Segment and Methodology and Learning Objectives. The Segment column provides the topic and training time for each segment of the training. The Methodology and Learning Objectives column reflects the specific activities and objectives that are covered in each segment. As applicable, each activity is numbered sequentially within a segment, with activities for Segment 1 beginning with Activity 1A, Segment 2 beginning with Activity 2A, etc.

## **Training Segments (Trainer's Guide only)**

The Training Segments are the main component of the Trainer's Guide. They contain guidance and tips for the trainer to present the content and to conduct each Training Activity. Training Activities are labeled and numbered to match the titles, numbering, and lettering in the Lesson Plan. Training Activities contain detailed descriptions of the activities as well as step-by-step tips for preparing, presenting, and processing the activities. The description also specifies the Training Content that accompanies the activity, and the time and materials required.

Occasionally, a Trainer's Supplement is provided that includes additional information or materials that the trainer needs. The Trainer's Supplement follows the Training Activity to which it applies.

## **References and Bibliography**

The Trainer's Guide and Trainee's Guide each contain the same References and Bibliography. The References and Bibliography indicates the sources that were reviewed by the curriculum designer(s) to prepare and to write the main, supplemental and background content information, training tips, training activities and any other information conveyed in the training materials. It also includes additional resources that apply to a particular content area. The References and Bibliography may include the following:

- All-County Letters (ACLs) and All-County Information Notices (ACINs) issued by the California Department of Social Services (CDSS);
- Legal References (as applicable); and
- General References and Bibliography

In certain curricula within the Common Core series, the References and Bibliography may be further divided by topic area.

## **Materials Checklist (Trainer's Guide only)**

In order to facilitate the training preparation process, the Materials Checklist provides a complete listing of all the materials needed for the entire training. Multi-media materials include such items as videos, audio recordings, posters, and other audiovisual aids. Materials specific to each individual training activity are also noted in the Training Segments in the Trainer's Guide.

## **Posters (Trainer's Guide only)**

Some curricula feature materials in the Trainer's Guide that can be used as posters or wall art.

## Tips for Training this Curriculum

### Family Friendly Language

Trainers are the example for modeling this for participants. The hope is that the work is done with families, not on clients. Use words such as parents, young adults, youth, child, family...rather than clients. We want to model that families involved in child welfare or probation services are not separate from us as workers, but part of our community. This is the goal of the CA Child Welfare Core Practice Model as well and reflects the behaviors we want to see demonstrated in social workers work with families. For more information on the Californian Child Welfare Integrated Core Practice Model (ICPM) visit the CalSWEC website at <http://calswec.berkeley.edu/california-child-welfare-core-practice-model-0>.

- Solution Focused
- Cultural Humility throughout the trainings should highlighted
- Trainers should utilize facilitative skills.
- Use the expertise in the room.
- Encourage discussion of the Written Directives at each table...

Be sure to emphasis the Flag Activities by ensuring trainees find the sections on their own and call out the page number when found. Consider reinforcing with small prizes, i.e. candy, stickers, etc.

## Background and Context

The Adoption and Safe Families Act (ASFA) prohibits a two-tiered system of licensing, one for relatives and another for non-relatives, according to the Final Rule implementing ASFA. In the comment and response section of this Final Rule, the Children’s Bureau of HHS explicitly states: “relatives must meet the same licensing/approval standards as non-relative foster family homes.”<sup>1</sup>

Research on Foster Care licensing standards in all 50 states has resulted in findings such as: Problematic standards like requiring that applicants be no older than 65, have a high school degree, or pay for a physical exam for each member of the household.

Varying standards among the states for the same requirements that varied significantly from jurisdiction to jurisdiction: The varying standards raised questions about which is the best standard and could the standards be combined to create one standard model

The reason for all these standards, even the problematic ones, is based on legitimate public policy concerns, like having healthy, stable, and safe foster parents. We recommend that we take what we have discovered and create a set of “model” core standards. We will do away with problematic requirements, and use the best of the standards from the states to develop clearly defined expectations—expectations that must be met by all: things like a flushing toilet in the house, firearms locked away, and a working telephone on the premises at all times.

# Lesson Plan

Please note that times may vary based on the needs of the audience. Groups more familiar with RFA may move through the content more quickly and groups with limited background information may need more time. Trainers are advised to remain flexible and work with counties to add time to the day if trainees will need more time with the materials.

## Day 1, Segment 2: Learning Objectives and E-Learning Review

<b>Segment Time:</b>	75 minutes
<b>Materials:</b>	Trainee's Guide: <i>Learning Objectives</i> , pg. 5-6 Trainee's Guide: <i>Agendas: Four Day Overview</i> , pg. 7 Jeopardy Game: Link
<b>Slides:</b>	3-5

**Purpose:**

Orient trainees to day

During the training (what to do):

<p>❑ Activity 2A: Learning Objectives Review</p> <p>Trainer can choose between several options when reviewing LOs on a daily basis.</p> <ul style="list-style-type: none"> <li>• <b>Option 1</b> (recommend using this option on day 2 and 4 as brief overview) Refer trainees to the Trainee's Guide: <i>Learning Objectives</i> (pg. 5-6 in the Trainee's Guide) and review the Learning Objectives for the training. If using the Learning Objectives posters, using a dry erase marker, circle the LOs groups have identified to focus on. This can be used as a visual for the future training days.             <ul style="list-style-type: none"> <li>○ Engage the trainees in an activity to identify key Learning Objectives. Refer them to the Trainee's Guide: <i>Learning Objectives Activity</i> (pg. 7 in the Trainee's Guide).</li> <li>○ Instruct trainees to read all Learning Objectives and initial two in each area that resonate with them.</li> <li>○ Ask them to discuss their selections among the table groups and select one that interests the majority of the group.</li> <li>○ Facilitate a large group report out.</li> </ul> </li> </ul> <p><b>Trainer Tip:</b> Do not just read through each of the Learning Objectives</p>	<p>Learning Objectives</p> <p>› Ice Breaker Activity</p>  
<ul style="list-style-type: none"> <li>• <b>Option 2:</b> The purpose of this ice breaker is to help people bond together at the start of a training event. It does this by highlighting some common interests that all the trainees have. It is important to facilitate a conversation with the group around the importance of building relationships/engagement. Connect parallel process with RFA worker to Resource Family and Case Managing SW and Birth Family.             <ul style="list-style-type: none"> <li>○ Split trainees into groups of three or four people. (Recommend having the trainees count off by 4-6 depending on the number of people in the training and have the same number sit together. Another option is to divide group based on background and position to ensure each table has a good mix of experience.)</li> <li>○ Provide each group with a piece of flipchart paper and ask them to draw a large circle in the middle of the flipchart.</li> </ul> </li> </ul>	

<ul style="list-style-type: none"> <li>○ Each group then needs to write down (in the circle) things that all the group members have in common.</li> <li>○ Outside the circle, each delegate should write their name, their position and how long they have been in that role.</li> <li>○ At the bottom of the flipchart each delegate should write one unique fact about themselves that no one else will know.</li> <li>○ To review the Learning Objectives, have the group read through (pg. 6-7, Trainee’s Guide), discuss as group, and decide 2 LOs per group they would like to focus on during the training and write on their flip chart paper</li> <li>○ After all the groups have done this, ask for a volunteer from each group to present their flipchart to the whole group.</li> <li>○ List any questions the group has on chart paper (Parking Lot) at front of the room.</li> </ul>	
<ul style="list-style-type: none"> <li>● <u>Option 3:</u> (recommend for Day 1 and/or 3) – 1-2-4 Activity <ul style="list-style-type: none"> <li>○ Ask the trainees to review the learning objectives individually (pg. 5-6 Trainee’s Guide). As the trainees are reviewing the Learning Objectives, ask them to pick TWO Learning Objectives that they have down pat. Also, ask the trainees to underline TWO Learning Objectives that they need to learn the most about.</li> <li>○ Instruct the trainees to markup the handout. This will increase the multiple sensory inputs involved in the reflection of their prior experience and it will help you know when people are finished.</li> <li>○ Walk around the room and watch for when about 80% of the class seems to have made their choices.</li> <li>○ Prompt the class to turn to a partner and share with each other their choices. Walk around the room to monitor progress.</li> <li>○ Allow 60 seconds and prompt the trainees to switch so both people get to share. In another 60 seconds, ask the trainees to stop this discussion and give you their attention.</li> <li>○ Ask everyone to stand up. Then tell them that each pair needs to find another pair from another table. In groups of 4, ask the trainees to discuss what commonalities and differences there are amongst their group. Ask each team to identify what is emerging as the most important Learning Objective to cover during the training. Walk around the room and listen for participation and allow 4 minutes for this process.</li> <li>○ Regain the trainees’ attention. Ask each group of 4 to introduce themselves to the rest of the group and then report out what emerged as the top priority for the day from their group, with the trainer charting the responses. Allow 5-10 minutes for this process. After the activity, check with the group to clarify information and check if there are any questions. This activity will identify the top priorities for the training day.</li> </ul> </li> </ul>	

- ☐ Activity 2B: Training Overview
  - Refer to slide to review Agenda for the day

Day 1 Training Overview

- › Goals and Objectives of RFA
- › Review of E-learning
- › RFA Key Messages
- › Focus on Permanency
- › Cultural Humility
- › Home Environment

- ☐ Activity 2C: E-Learning Review

**Trainer Note: Review** of eLearning material. The PPT for the Jeopardy game is a separate PPT (because of the coding) that is linked to the RFA PPT.

- Directions: Have the trainees break up into 2-4 groups with approximately even numbers per group. Each group will need some kind of buzzer device (buzzer, bell, verbal phrase). One trainer will run the PPT game and the second trainer will track **the** scores of each team. Have one group begin the game by selecting one of the values under one of the topics. Whoever buzzes first is able to respond. If they give the correct response then they get the points, otherwise the remaining groups can buzz in. Continue to move through the game until all questions have been answered. After all questions have been answered there is one Final Outcomes question where all groups will have 30 seconds to write down their responses and can bet however many points they desire. Each team will share their answer and the points the bet. Each group that gets the answer correct will get the points they bet. All points will be tallied and a winning group will be identified. A prize for the winning group is optional. Please see RFA Jeopardy Answer Key.

## Day 1, Segment 3: Introduction to RFA—Key Messages

<b>Segment Time:</b>	50 minutes
<b>Materials:</b>	Trainee’s Guide: <i>QPI Handout</i> , pg.82 Markers Key Message Posters
<b>Slides:</b>	6-8

### Purpose:

Provide context to help trainees understand how the RFA program was developed  
Provide basic information and Key Messages about the RFA program  
Frame the training with values and theoretical underpinning

### Preparation:

Post the following Key Messages around the room, allowing enough space for a group of trainees to stand near.

- No additional approvals for adoption or guardianship
- Considers ability to meet the needs of vulnerable children
- Families are better prepared and supported
- Training and support for all families → more stability, fewer moves
- Eliminates duplicative processes

During the training (what to do):

### Activity 3A: RFA Key Messages

- Ask trainees to stand by the one Message which resonates with them most as it relates to improving our system. Ask volunteers to explain why they chose their Message
  - Are streamlined: It eliminates the duplication of existing processes.
  - Unify approval standards for all caregivers regardless of the child’s case plan.
  - Includes a comprehensive Family Evaluation, home environment check and training for all families, including relatives.
  - Prepare families to better meet the needs of vulnerable children in the foster care system.
  - Allow seamless transition to permanency.

**Trainer Note:** Expand on correlation between the key messages in this slide and the rainbow slide. If there are areas not covered organically (teaming, QPI and trauma) in this activity from the rainbow make sure to review them before continuing. Discuss the connection of the different programs that are currently or will shortly be implemented with the ultimate goal of achieving better outcomes for our families and providing a better experience for youth in care. Discuss how RFA fits into this.

### RFA Key Messages

- Focuses on Lifelong Relationships & Quality Parenting**
  - No additional approvals for adoption or guardianship
  - Considers ability to meet the needs of vulnerable children
- Achieves Results for Children and Families**
  - Families are better prepared and supported
  - Training and support for all families → more stability, fewer moves
- Improves Efficiency**
  - Eliminates duplicative processes

- SW Practice behaviors and Leadership behaviors from the Integrated Core Practice Model (ICPM) are referenced throughout this training
- How RFA supports CCR and ICPM - RFA is a big shift in practice throughout California. It is important however to understand how RFA fits into the overarching vision of California on how we work with families and reach our goals of Safety, Permanency, and Well-Being of our youth in care throughout CA.
- Let’s start with the Integrated California Core Practice Model (ICPM). ICPM is intended as a framework to support our state’s agencies that work with families and children. Through a structured framework, CPM has identified specific behaviors of social workers and leaders that are required to implement the six key practice components: prevention, engagement, assessment, planning and service delivery, monitoring and adapting, and transition.
- The Continuum of Care Reform (CCR) moves from theory to action. CCR is designed out of an understanding that children who must live apart from their birth parents do best when they are cared for in committed nurturing family homes. It provides the framework to ensure services and supports provided to the child or youth and his or her family are tailored toward the ultimate goal of maintaining a stable permanent family. Services and supports will be tailored to the strengths and needs of a child and delivered to the child/youth in a family-based environment. These services and supports will be informed by an assessment and developed through a child and family team (CFT) process. Pathways to Mental Health Services will be incorporated in the CFT process allowing family, child welfare, mental health systems, and service providers to work together to address the mental health needs of children/youth and families in the child welfare system.
- The Resource Family Approval (RFA) process, which falls under CCR, will improve selection, training, and support of families under a streamlined, family friendly process for approving families (including relatives) seeking to care for a child in foster care, whether on an emergency, temporary, or permanent basis. Resources are being provided to counties to support the development and implementation of creative strategies for supporting, retaining, and recruiting quality relative and non-relative resource families. As stated above within CCR, children in out of home care do best when they are cared for in committed nurturing family homes. Through better assessments, training, support systems, and access to resources for families and youth RFA will lead to more stability, permanency, and recovery from trauma.

- Activity 3B: Comprehensive Assessment Components
  - Have trainees turn to WD 6-01 and identify the Comprehensive Assessment section. This was covered in the e-learning and will not be covered in depth. Skill build around each area.

**Trainer Note:** Skill build around each component of the assessment through the various lens' of engagement, trauma and teaming throughout the 4-day training.

**COMPREHENSIVE ASSESSMENT COMPONENTS**

# Day 1, Segment 4: Supporting Resource Families and Permanency

**Segment Time:** 45 minutes

**Materials:** Video (2:22 min): [Media Family Reunion](#)  
 Trainee’s Guide: *RFA 07* Resource Family Health Questionnaire, pg. 10-11

**Slides:** 9-11

**Purpose:**

- Build empathy for families applying to be Resource Families
- Introduce the application requirements
- Begin the Comprehensive Assessment process

**Preparation:**

Ensure the training room has internet access and preview the videos

During the training (what to do):

<p><input type="checkbox"/> Activity 4A: Video: Madea Family Reunion</p> <ul style="list-style-type: none"> <li>• Show the video. (2:22 min)  <a href="https://www.youtube.com/watch?v=SSpn_Ayh5YI">https://www.youtube.com/watch?v=SSpn_Ayh5YI</a> <ul style="list-style-type: none"> <li>○ After the video facilitate a discussion about how some relatives came to the table as Resource Parents suddenly and with little time to plan or prepare themselves and their families. What are some ways they imagine or have seen Resource parents come to the table?</li> </ul> </li> </ul> <p><b>Trainer Note:</b> It is important to remember that the RFA <b>process</b> in general is NOT child specific, but rather about approving <b>this</b> family for any child. There are now parts of the Written Report that do accommodate for child specific relatives/NREFMs and non-child specific for everyone else.</p> <ul style="list-style-type: none"> <li>– SW Practice Behaviors – Foundational Behavior #1, Engagement Behavior #3, #5, Teaming Behavior #8</li> <li>– <b>ICPM</b> Leadership Behaviors – Foundational #1, Engagement #3</li> </ul>	<p>Thinking about Permanency</p> 
<p><input type="checkbox"/> Activity 4B: Permanency: What Is It?</p> <ul style="list-style-type: none"> <li>• Explore with trainees what each option is, what this option looks like, and how they develop.</li> </ul> <p><b>Trainer Example:</b> reinforce goal of reunification and the intent of the resource family to mentor birth family. As reunification is typically the Courts first goal for permanency.</p>	<p>Permanency: What is it?</p> <ul style="list-style-type: none"> <li>Reunification</li> <li>Adoption</li> <li>Guardianship</li> <li>Lifelong committed parents</li> <li>Lifelong connections</li> <li>Mentors</li> </ul> 

□ Activity 4C: How Does RFA Support Permanency?

**Trainer Note:** Discuss that the trainees need to talk with the families about the fact that they might have had one vision when they initiated their Resource Family application, i.e., to care for only their relative, but they are being **approved** potentially for other children. If the child is reunified, they can care for other children **if they choose to and** it will be the worker's role to discuss this with the Resource Families.

**Trainer to emphasize:** Just because you are an approved RF does not guarantee placement of a child and that includes adoption. An assessment of the placement of a child in your home for adoption purposes will still be conducted by an adoptions **worker** when the court orders reunification services to cease.

- SW Practice Behaviors – same as above and Engagement #4, #6, Teaming #9, #10
- **ICPM** Leadership Behaviors – same as above and Teaming #12

How Does RFA Support Permanency

- › RFA focuses on quality relationships and lifelong parenting
  - › Considers ability to meet the needs of vulnerable children
  - › Families are better prepared and supported
  - › Training and support for all families = more stability
  - › No additional approval for adoption or Guardianship

## Day 1, Segment 5: Engagement

<b>Segment Time:</b>	15 minutes
<b>Materials:</b>	Trainee's Guide: <i>Engaging Resource Families Role</i> , pg. 12-13 (Trainer's Guide pg. 128-129) Chart pad paper Markers
<b>Slides:</b>	12

### **Purpose:**

- Introduce assessment as a collaborative process
- Ensure trauma and culture are considered in the assessment process

During the training (what to do):

- ☐ Activity 5A: Looking at Engagement
- These role plays will be demonstrated in front of the class. Ask for a trainee to volunteer to be the grandparent.
- Refer trainees to the trainee content ***Engaging Resource Families*** (Trainee's Guide, pg. 12-13 for the script.)
  - The trainer will play the role of the social worker, Ms. Tolliver. The trainee will play the role of Ms. James, Grandmother applying to be a Resource Family for her granddaughter.
  - The role-play will be demonstrated twice: once showing poor engagement, once showing good engagement
- Trainer Note:** Highlight Engagement practice behaviors

Activity: Looking at Engagement

During the training (what to do):

<p>❑ Activity 7A: RFA Application</p> <ul style="list-style-type: none"> <li>Review slide</li> </ul> <p><b>Trainer Note</b> – reference example application (reference scenario)</p>	<p>RFA Application</p> <p>An Applicant must be 18 years of age          An Applicant must be in good physical and mental health          RFA Application (RFA 01)          Supporting Documents          Proof of ID          Consent to a DMV Record check          Health Questionnaire (RFA 07)          Verification of current employment          Verification of income          Verification that an applicant owns, rents, or written permission to reside in home. Also, explain that corrective action plans are NOT issued during the approval process. The RFA worker will inform the family how the family can ensure the home meets standards.</p> <p>RFA worker would not actually change the application. Example: Family requests capacity of 6; <b>if</b> home cannot accommodate capacity of 6, do not change the application, approve with capacity for whatever is appropriate with an explanation of reasoning as part of assessment.</p> <p><b>Trainer Note</b> - SW Practice Behaviors – Engagement #4, #6, Assessment #7, Teaming #8,</p>	<p>If Application is complete...</p> <ul style="list-style-type: none"> <li>Home Environment Assessment is conducted</li> </ul>

We are looking at their ability to <u>provide</u> care to child on a short-/long-term basis. For example, when dealing with the issue of proper storage of a firearm, this speaks to the safety of a child in the home. Questions such as, “Is it helpful to check the registration of a firearm?” Maybe it does, maybe it doesn’t. We should know and understand the reason for every question we ask and how it helps us make a determination of the family’s approvability.</p>	<p>Group Discussion</p> <p>What does clean, safe, sanitary, and in good repair mean to us?</p> <p>How long would it take you to learn and implement all of the components of clean, safe, sanitary, and in good repair as defined by the Written Directives?</p>

## Day 1, Segment 8: Deficiency Exercise

<b>Segment Time:</b>	20 minutes
<b>Materials:</b>	Trainee's Guide: <i>RFA 03A</i> , pg. 23-24 Trainee's Guide: <i>Deficiency Identification Activity</i> , pg. 22-23
<b>Slides:</b>	31-34

### **Purpose:**

Review the slides and identify what if any deficiency exist that could be a concern for home approval.

During the training (what to do):

#### □ Activity 8A: Deficiency Exercise

- Refer trainees to the Trainee's Guide *Deficiency Identification Activity*, pg. 22-23
- Review the slides for deficiencies that could prevent the homes from being approved or require documented alternative plans. Explore the various scenarios in each photograph and get the trainees to discuss why the specifics in each scenario could be occurring and how the different regions may view the scenarios differently (i.e., rural areas versus urban).
- Discuss with trainees that CAPs are not given through the approval process. RFA workers can work with the family throughout the process to help their home reach standards.
- CSW Practice Behaviors – Foundational #1, Assessment #7

## Day 1, Segment 9: Background Check

<b>Segment Time:</b>	35 minutes
<b>Materials:</b>	Trainee's Guide: <i>RFA-01(A) Application</i> , pg. 27-30 Trainee's Guide: <i>AARS</i> , pg. 31-32 Trainee's Guide: <i>RFA-01(B) Criminal Record Statement</i> , pg. 33-34 Supplemental Handout: <i>Written Directives Version 5 Effective 2/6/2018</i> Post-it Notes
<b>Slides:</b>	35-37

### **Purpose:**

Review criminal clearance information for approval process

During the training (what to do):

- ❑ Activity 9A: Background Check
  - Flag activity: Refer trainees to the Written Directives and ask them to find Background Checks Assessment section 6-03A
    - W & I Code 16519.5(d)
    - All adults residing or regularly present in the home
    - Criminal records check
    - Child Abuse Central Index check
    - Megan's Law check
    - DMV
    - AARS System ( Administrative Action Records System)
    - Licensing Info System
    - Rap back

**Trainer Note:** Information that is gathered is then presented to the Resource Family in a conversation to discuss the findings, and determine the impact those findings may have or have had on the family, and how those findings may impact the current placement status of the child. Need to stress that any additional standards/requirements a county imposes for RFA that goes beyond the Written Directives cannot be the sole reason for denying. Affects due process rights of families if standards vary from county to county.

Many factors may be considered when **attempting** to make a determination on approval status such as:

- The nature of the findings
- Time frames

## Day 1, Segment 11: Wrap Up

<b>Segment Time:</b>	15 minutes
<b>Materials:</b>	Video (6:08 m) <a href="#">Just Stop It</a>
<b>Slides:</b>	40-41

### **Purpose:**

- Reminder of intent of RFA
- Wrap up the day and end on a light note

### **Preparation:**

- Ensure the training room has internet access and preview the video

### During the training (what to do):

#### ❑ Activity 11A: Wrap up

- Engage trainees in a large group conversation by asking volunteers to share key knowledge gained during the day.
- Chart any feedback about the day.

Remind the group regarding the intent of RFA. Encourage trainees to use their skills to make individualized **assessments** rather than finding an exact answer for everything in the WD—if that were the case, we've lost the intent of it. Remind the trainees of the philosophical shift and understanding this may be a difficult transition for folks coming from other areas with that subject matter expertise

#### ❑ Activity 11B: Just Stop It

- Show the video (6:08 min): Coping with your worries  
<https://vimeo.com/10880189>

#### Wrap up

- What have you learned?
- What questions do you still have?

## Day 2, Segment 2: Learning Objectives and Ice Breaker

<b>Segment Time:</b>	45 minutes
<b>Materials:</b>	Trainee's Guide: <i>Learning Objectives</i> , pg. 5-6 Trainee's Guide: <i>Agendas: Four Day Overview</i> , pg. 7
<b>Slides:</b>	3

### Purpose:

Orient trainees to day

During the training (what to do):

<p>❑ Activity 2A: Learning Objective Review</p> <p>Trainer can choose between several options when reviewing LOs on a daily basis</p> <ul style="list-style-type: none"> <li>• <b>Option 1</b> (recommend using this option on day 2 and 4 as brief overview) Refer trainees to the Trainee's Guide: <i>Learning Objectives</i> (pg.5-6 the Trainee's Guide) and review the Learning Objectives for the training. If using the Learning Objectives posters, using a dry erase marker, circle the LOs groups have identified to focus on. This can be used as a visual for the future training days.             <ul style="list-style-type: none"> <li>○ Engage the trainees in an activity to identify key Learning Objectives. Refer them to the Trainee's Guide: Learning Objectives Activity, pg.7</li> <li>○ Instruct trainees to read all Learning Objectives and initial two in each area that resonate with them.</li> <li>○ Ask them to discuss their selections among the table groups and select one that interests the majority of the group.</li> <li>○ Facilitate a large group report out.</li> </ul> </li> </ul> <p><b>Trainer Tip:</b> Do not just read through each of the <b>Learning</b> Objectives</p>	<p>Learning Objectives</p> <p>› Ice Breaker Activity</p>  
<ul style="list-style-type: none"> <li>• Option 2 The purpose of this ice breaker is to help people bond together at the <b>start</b> of a training event. It does this by highlighting some <b>common</b> interests that all the trainees have. It is important to facilitate a conversation with the group around the importance of building relationships/engagement. Connect parallel process with RFA worker to Resource Family and Case Managing SW and Birth Family.             <ul style="list-style-type: none"> <li>○ Split trainees into groups of three or four people. (Recommend having the trainees count off by 4-6 depending on the number of people in the training and have the same number sit together. Another option is to divide group based on background and position to ensure each table has a good mix of experience.)</li> </ul> </li> </ul>	

<ul style="list-style-type: none"> <li>○ Provide each group with a piece of flipchart paper and ask them to draw a large circle in the middle of the flipchart.</li> <li>○ Each group then needs to write down (in the circle) things that all the group members have in common.</li> <li>○ Outside the circle, each delegate should write their name, their position and how long they have been in that role.</li> <li>○ At the bottom of the flipchart each delegate should write one unique fact about themselves that no one else will know.</li> <li>○ To review the Learning Objectives, have the group read through (pg. 5-6 in Trainee’s Guide), discuss as group, and decide 2 LOs per group they would like to focus on during the training and write on their flip chart paper</li> <li>○ After all the groups have done this, ask for a volunteer from each group to present their flipchart to the whole group.</li> <li>○ List any questions the group has on chart paper (Parking Lot) at front of the room.</li> </ul>	
<ul style="list-style-type: none"> <li>● <b>Option 3: (recommend for Day 1 and/or 3) – 1-2-4 Activity</b> <ul style="list-style-type: none"> <li>○ Ask the trainees to review the learning objectives individually. As the trainees are reviewing the Learning Objectives, ask them to pick TWO Learning Objectives that they have down pat. Also, ask the trainees to underline TWO Learning Objectives that they need to learn the most about.</li> <li>○ Instruct the trainees to markup the handout. This will increase the multiple sensory inputs involved in the reflection of their prior experience and it will help you know when people are finished.</li> <li>○ Walk around the room and watch for when about 80% of the class seems to have made their choices.</li> <li>○ Prompt the class to turn to a partner and share with each other their choices. Walk around the room to monitor progress.</li> <li>○ Allow 60 seconds and prompt the trainees to switch so both people get to share. In another 60 seconds, ask the trainees to stop this discussion and give you their attention.</li> <li>○ Ask everyone to stand up. Then tell them that each pair needs to find another pair from another table. In groups of 4, ask the trainees to discuss what commonalities and differences there are amongst their group. Ask each team to identify what is emerging as the most important Learning Objective to cover during the training. Walk around the room and listen for participation and allow 4 minutes for this process.</li> <li>○ Regain the trainees’ attention. Ask each group of 4 to introduce themselves to the rest of the group and then report out what emerged as the top priority for the day from their group, with the trainer charting the responses. Allow 5-10 minutes for this</li> </ul> </li> </ul>	

process. After the activity, check with the group to clarify information and check if there are any questions. This activity will identify the top priorities for the training day.

## Day 2, Segment 3: Permanency Assessment

<b>Segment Time:</b>	30 minutes
<b>Materials:</b>	Chart pad paper Markers
<b>Slides:</b>	4-5

### **Purpose:**

Provide an overview of the permanency assessment

During the training (what to do):

<p>☐ Activity 3A: Permanency Assessment</p> <ul style="list-style-type: none"> <li>• Flag activity: Permanency Assessment: Refer to the RFA Process and Comprehensive Assessment posters.</li> <li>• Remind trainees how the different components work together.</li> <li>• Have trainees find the Components of the Permanency Assessment in the Written Directives, section 06-04.</li> <li>• Review slide.</li> </ul> <p><b>Trainer note:</b> Trainer to reference Practice and Leadership behaviors – SW Practice behaviors – Engagement, Assessment, and Teaming behaviors</p>	
<p>☐ Activity 3B: Discuss the Goals of Permanency</p> <ul style="list-style-type: none"> <li>• Review slide: The purpose of the Permanency Assessment is to really get to KNOW families at a much deeper level that we ever have before. We don't just want to know people's names and addresses; we want to personally know families, know what this family's strengths are, what might be challenges for them. The purpose is to really be able to make purposeful placements. To really be able to find a home for youth in care that can truly meet their needs and provide the most normal experience while in care as possible. Some broad topics to be considered are the following.             <ul style="list-style-type: none"> <li>○ Willingness to Maintain Connections: Ask trainees what types of connections would be important for the child/youth to maintain. Discuss Honoring and maintaining connections with birth families preserves children's personal histories and maintains their existing attachments in the face of overwhelming change and uncertainty. Ongoing connections with families of origin can also be desirable in the context of adoption. For example, some studies have shown that children, adoptive parents, and birth parents tend to have better adjustment with open adoptions (Child Welfare Information Gateway, 2010).</li> <li>○ <b>Trainer to ask group (either as large group discussion or table activity): What is the role of the RFA worker in this process?</b> <u>Successful Coping with Challenges:</u> Families will encounter stress related to working with the Child Welfare system, the child's</li> </ul> </li> </ul>	<p>Focus of Permanency Assessments</p> <ol style="list-style-type: none"> <li>1. <u>Willingness to Maintain Connections</u></li> <li>2. <u>Successful Coping with Challenges</u></li> <li>3. <u>Expectations</u></li> </ol> 

trauma behaviors, and permanency; so, a family's vulnerabilities and resilience need to be included in the Family Evaluation (family study) process. It's important to explore a family's history with adversity. "What was their method of dealing with it? Did they seek therapy, or reach out for help in some way? Or are they so independent they'll let things go too far before asking for help?"

- Using a genogram, ecomap, or other tool to explore a family's support system can help the worker and family visualize how much of a buffer the family will have in dealing with the inevitable stresses and losses associated with foster care.
- Expectations: Sometimes our prospective Resource Families come into the system of caring for children with certain expectations on how a child should or might act or how they as parents will manage these experiences. A parent might believe if they "love" the child enough then the child will be OK. It is important the Approval worker assesses for possible expectations and provides knowledge and education on children who experience trauma. It is difficult for parents to not take it personally when a child is dishonest or behaving poorly, but understanding that trauma is most often the underlying cause of these troubling behaviors can help parents develop realistic expectations and seek appropriate help.
- Familiarity with the Child: Research shows that adoptions are less likely to fail if the family already knows the child well—for example, if they are known relatives or have been the child's Resource Parents (CWIG, 2012; Smith et al., 2006). This suggests the need for careful transition planning and extra post-adoption support for families who don't already have a relationship with the child. This will help them weather the difficulties of adjustment.
- It's particularly important to assess families' ability to make and keep commitments. Especially with a family that does not already have an attachment to the child, it's helpful to explore their job history, their marriage, and family relationships to see if they have a history of maintaining relationships and working through problems.  
"When they've made a commitment, how did they handle it when it became really difficult to keep?"
- Consider the Child's Perspective: Of course, the child's perspective needs to be an integral part of the assessment, although in RFA, approvals are not child specific in most cases. However, the conversation about potential permanency for a child includes understanding the child's perspective.

□ Activity 4E: Solution Focused Inquiry

• Talking Points:

SFQ are a shift away from just looking for problems as they help to search for, and surface what works well, and the capacity and ability of families to keep their children safe

- SFQ help us to move from hero to host, to move out of the expert role and into a place of shared inquiry, openness and collaboration with family members.
- What is the impact of surfacing and strengthening individual and family's own best judgment in difficult times?
- When we say SFQ are an intervention, what does that mean?
- How do SFQ help to create a safe environment for hard conversations?
- What impact does using SFQ have on relationships with individuals, children and families?

(Trainee's Guide pg. 37-39) (Trainer Guide pg. 139-142)

Solution Focused Inquiry

Solution Focused Inquiry is a practice of using questions and having conversations that strengthen an individual or family's capacity to achieve their own best judgment in difficult times by surfacing and making visible:

- a) People's past and present capacities (how they survived trauma).
- b) Achievements, assets, networks of support, resources they bring, unexplored potentials, innovations, strengths, high-point moments.
- c) Expressions of wisdom, values, traditions, stories and visions of valued and possible futures.

❑ Activity 4F: Solution Focused Questions

- Talking Points:
  - The try on handout provides examples of Solution Focused Questions by program to provide day to day examples of how families can be engaged in a conversation/interview. There are five types of SFQ 1) Exception; 2) Position; 3) Coping; 4) Scaling and 5) Preferred future. (Trainer Guide 139-142)

The Coaching and Supervision Tips is a resource to be used in supervision or individual case consultant in an effort to get at transfer of learning from what you will receive in training of the next four days and how to apply it in the field with families. Research from the field of education indicates that coaching leads to a higher likelihood of transfer of learning than classroom training alone. Lecture-based classroom training typically yields approximately 5% transfer of skills to actual practice in the field. Coaching has been shown to yield transfer of learning as high as 95% (Joyce & Showers, 2002). Our hope is that supervisors or mentors in each county will use this guide to coach workers on solution focused interviewing to develop a rigorous Family Evaluation.

Solution Focused Questions

- › Solution Focused Questions "Try On" handout
- › Coaching and Supervision Tips

❑ Activity 4G: Group Table Activity

- Refer SFQ handout (Trainer Guide 139-142)
- To give participants a chance to practice trying on solution focused questions in an interview. The structure is intended to provide a safe space to try on a new tool.

Trainer Note: Suggested Talking Points:

- Trainer should decide what type of client to be and what scenario to use. Father accused of excessively spanking a toddler in the grocery store works well.
- Tell the class that they are interviewing the parent for the first time.
- Have them start by writing their own Exception question on a post-it note (or other blank paper), allow plenty of time for them to think, then line their answers up in the middle of the table and each team discuss which, among all the ideas, to ask the parent and allow time for discussion.
- Then pick on teams randomly to share their “best” question to ask and simply react to the question they ask.
- Thoughtful, relationship building questions would move you toward the smile.
- Questions that generate a defensive reaction would move you toward the frown.
- Make up answers that seem to fit the character (I am a single father, my ex is crazy, my mother helps with babysitting, I usually do not bring my child to the grocery store because the store management is always putting candy at the eye level of my child, she’s usually a good kid and the grocery store is one of few places where I get really upset with her, etc.)
- Do another Exception question, then move on to each of the other types, allowing 45-60 minutes to have the class do this together, allowing for discussion when a team really nails a great relationship or thought provoking question about why it was so well worded.
- The class will quickly get the hang of what these are supposed to sound like and EVERY PERSON gets to practice them and learn from peers.
- As each table finishing their set of questions, ask why they chose those particular questions, what worked well about the questions and what is one upgrade they would make.
- Trainer highlights what worked well and asks permission to provide an upgrade

Practice Activity

- For each category, individually write a question.
- Put them in the center of the table.
- Read and discuss as a table group.
- Pick the one you would like to “try on.”
- Ask your question and see how the person reacts to your question.

Activity 4H: Goal of the Family Evaluation

**Trainer Tip:** Focus on the purpose/goal of the Family Evaluation (many trainees have a hard time differentiating the purpose of the Family Evaluation and the Written Report).

- The goal of the assessment is to determine not only the applicant's ability to parent, but to assist in determining the applicant's strengths and areas of support needed.
- The assessment also allows for more appropriate and successful matches between child(ren) and Resource Families.
- The assessment should be presented to the family as an evaluation of where they are now in relation to current satisfaction with their lives, goals, future plans, and other areas. It is not meant to be critical of the applicant, but rather to be used as a tool to determine what additional support the family may need to successfully care for a child(ren) and what their strengths may be.
- The assessment should be a collaborative effort between the assessor and the applicants to gain a better understanding of what training may be necessary to support the Resource Family.
- Through the introduction and explanation of the assessment to the family, the assessor can get an understanding of the family's fears, concerns, expectations, etc., are of the assessment or of the RFA process. The sharing of this information can help build a trusting relationship and lead to further discussions during the assessment.
- It is important for the evaluator to be sure to not impose their own cultural biases on the applicant's responses. Each culture has different norms and expectations that are unique. The evaluation should not be critical of responses that are within the culture's norms. Cultural sensitivity is critical as the assessment needs to be objective.

Goals of the Family Evaluation

Develop a clear understanding of how an individual's life experiences have impacted their behavior, belief systems and interpersonal relationships.

Develop a clear understanding of how past experiences affects current functioning and their ability to parent a child in care

The assessment also allows for more appropriate purposeful placement.

Activity 4I: Family Evaluation vs. Biography or Psychological Evaluation

- Objective for the trainees is to understand the importance of working with the Resource Families to understand the difference between;
  - Biographies are a story or narrative that relays an individual's memories, perceptions, and feelings about their childhood experiences, current relationships, and world view.
  - The Family Evaluation should be presented to the family as an example of where they are now in relation to current satisfaction with their lives, goals, future plans, and other areas. It is not meant to be critical of the applicant. The assessment should be an effort between

### **Purpose:**

Provide an overview of the scope of changes

### **Preparation:**

During the training (what to do):

#### Activity 6A: Written Report

**Trainer Note:** Allow enough time for this section. This section often gets condensed and not enough time is spent doing the writing activity. This is an area where trainees often struggle.

- The purpose of this activity is to practice writing the sections of the Written Report. The intent is to have the trainees use the Written Directives and Written Report Template to guide the process.
- Refer trainees to the Trainee's Guide ***Written Report Practice*** use as an example.
- Have trainees choose a family they have worked with in the past and write the practice Written Report.
- If there are time constraints, assign each trainee 1–2 sections to complete or have trainees work in table groups and assign sections to complete

**Trainer Tip:** Don't assign demographics section. Focus on sections with which trainees tend to struggle, i.e. background, family evaluation, summary, etc.

This is "Open Book". Trainees can use the training materials and Written Directives.

#### Activity: Written Report

Choose a family that you have worked with in the past to write the practice Written Report.

The important part of this activity is to practice writing the report.

For example, perhaps an applicant is late to the meeting. You might assume they have problems with time management. However, after a conversation you find out they are having car trouble. Through problem-solving, you find another family with whom this family can carpool.</li> </ul> <p><b>Trainer Note:</b> reference Practice Behaviors</p>	<p>Engaging Families</p> <ul style="list-style-type: none"> <li>› Interactions about a Resource Parent’s involvement in the pre-approval training are an excellent way to begin to engage with Resource Families and to assist them through the process.</li> <li>› There are many reasons a family might struggle with their participation in the training, and we cannot assume it is resistance or inability to be a Resource Family.</li> </ul>

❑ Activity 8D: Enhancing Permanence through Pre-Approval Training

- Facilitate a discussion. Can you think of other areas or issues specific to your county that might be included in Pre-Approval Training? Chart answers: examples:
  - Helping a child cope with attachment, bonding, separation, and loss issues
  - Home and child safety
  - Caring for a child with special needs
  - Changing roles and relationships when the child and caregiver prospective know each other
  - Impacts on the family
  - Working with Tribal families
  - Self-care
  - Prevention of caregiver burnout

**Trainer Note:** Examples: Examples: ICWA, CSEC other target populations

- How to help the Resource Family (RF) and the child develop resilience
- How to help the RF and child manage behaviors effectively
- How to provide RF with information on current issues for children and how to respond to today’s challenges
- How to create permanency for the child and youth
- How to foster healthy attachment
- How to keep the children safe
- How to meet the child’s special needs
- How to help the child maintain cultural and familial connections
- How to help the child deal with grief and trauma
- How to insure the child’s personal rights
- How and who to ask for help
- How to understand the current child welfare system
- What to expect from the court and foster care team members

Activity: Enhancing Permanency

- › Can you think of other areas or issues specific to your County that might be included in Training?

❑ Activity 8E: Approving the Resource Family

- Written Report determines if the family can be approved or not; nothing in the Written Report should ever be a surprise to a family; conversations should be occurring all the time.
- Approval will be denied when the results of the Written Report indicate the applicant is not suited to providing care for children in foster care. Some specific grounds for denial include:
  - The applicant does not meet the written directives.
  - The home appears to be unsafe.
  - The Resource Family is unable to provide for the needs of the child.
  - The child’s personal rights cannot be ensured by the Resource Family.

Approving the Resource Family

Once all necessary requirements have been met, Approval Certificate issued to the applicant(s) shall contain the following:

- (A) The name of the County.
- (B) The name(s) of the Resource Family and the address of the home.
- (C) The date of approval.
- (D) The capacity for which the Resource Family is approved.
- (E) If applicable, that the approval is for a specific child or nonminor dependent (do not list name(s)).
- (F) If applicable, that there are conditions placed on the approval pursuant to.

- ❑ Activity 8H: Role Play: Addressing Barriers (Trainee’s Guide, pg. 41)
  - Divide the trainees into triads. Each member will play one of these roles: Resource Parent, RFA or social worker, and observer. Trainer Option: depending on time, either each triad can rotate through all three scenarios or trainer can assign scenarios to triads.
  - Instruct triads to role play for 2 minutes a conversation between a worker and Resource Parent about an issue that came up during the Family Evaluation. The social worker needs to practice being collaborative in finding a solution to addressing the barrier. The Observer is to provide feedback at the end of the role-play. After the completion of the 2-minute role-play, have triad rotate into another character and continue the conversation. Rotate until all trainees have played the different roles.
  - Ask trainees to be sure to address how to approach the parent. What do you need to know? What are your worries? What needs to happen next?
  - The trainees should use the scenarios on the PPT slide.
  - If Trainer decides to rotate all triads through each scenario, after each scenario, each group should process how it felt to be in each role. Then move to next scenario and process again. If trainer chooses to assign each triad with a scenario, the group should process how it felt to be in the different roles at the end of the exercise.

Activity: Addressing Barriers

- Scenario 1: The Resource Parent has a diagnosed condition of Major Depression.
- Scenario 2: The financial statements show that the Resource Family does not have a savings or much discretionary funds after paying bills.
- Scenario 3: The Resource Parent has a DUI from 10 years ago.
  - What do you need to know?
  - What are the strengths of this family?
  - Are there any concerns with this family?
  - What needs to happen next?
  - With all this information how would you work with this family.

- ❑ Activity 8I: How to mitigate concerns
- Trainer Note:** Trainer facilitate large group discussion on available tools to support workers to address concerns with an applicant. Trainer to chart responses

Group Discussion

- Mitigating Concerns:
  - What are available tools to support a worker to address concerns with an applicant?

## Day 2, Segment 9: CWS/CMS Placement Prior to Approval Data Entry

<b>Segment Time:</b>	40 minutes
<b>Materials:</b>	Supplemental Handout: Written Directives Version 5 Effective 2/6/2018 Post-it Notes Chart pad paper Markers
<b>Slides:</b>	35-44

### Purpose:

Ensure trainees understand the Resource Family Applicants and Placements into CWS/CMS.

During the training (what to do):

#### Activity 9A: Data Entry for CWS/CMS

- Orient trainees to the instructions that have been developed on how to enter data into CWS/CMS RFA applicants prior to placement.

**Trainer Note:** The instructions have been developed to instruct counties on how to enter data into the (CWS) (CMS) (RFA) applicants, placements prior to approval (emergency/compelling reason placements), and placements with an approved Resource Family. Remind trainees that CWS/CMS is in the process of a complete system improvement, which will result in new instructions in the future. In addition, RFA tracking requirements are also ever-changing.

Supplemental handout with full details of the instructions.

<http://www.childsworld.ca.gov/res/RFA/pdf/CWSCMSDataEntryInstructions.pdf>

#### Data Entry Instructions for Resource Family Applicants and Placements into CWS/CMS

The instructions have been developed to instruct counties on how to enter data into the (CWS) (CMS) (RFA) applicants, placements prior to approval (emergency/compelling reason placements) and placements with an approved Resource Family.

#### Activity 9B: Instructions Examples within CWS/CMS

- When an application is received, enter all necessary information to create a Placement Home in Resource Management, even if there is no current placement. Select Facility Type of "Resource Family Home" for all applicants, including relatives. Additional information regarding entry for relatives and other **Emergency/Compelling Reason Placements** is on page 8. Enter all information you have available in the Substitute Care Provider tab.
  - Note: All applications are entered for applications received by the county. For RFs approved by a Foster Family Agency, only approved RFs are entered into CWS/CMS.
  - If the county is processing an application for a RFH in a different county, the user can select the county in which the home is located. This is specific to the RFH facility type.

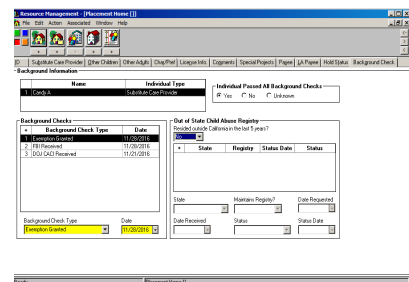

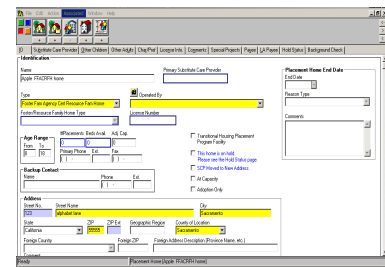

- Note: If the RFH is located in another county, the correct county of location must be used to retrieve the home when using the search function.
- If you have a Resource Family approved by a Foster Family Agency (FFA), the data entry process for those RFs remains the same as previously certified foster homes except you select the Facility Type “Foster Fam Agency Cert Resource Fam Home” (FFACRFH). The **Operated By** field will become mandatory. The binoculars can be used to search for the associated FFA. The blue read only fields for which there is corresponding data will auto-populate when the FFA is selected. Enter all the available information in the Substitute Care Provider tab displayed in the previous step.

- Placement Home/Special Projects Page: The Special Project Codes (SPCs) “S-RFH-NREFM” and S-FFACRFH-NREFM” have been created to help identify NREFM homes for county reporting purposes. This is an optional SPC. As it is possible for a RF to be a NREFM to one child but not to another, counties have discretion in developing their policies on the use of this SPC.

- Placement Home /Background Check Page & Other Adults Page Add background check information. Exemptions: Background Check tab, under **Background Check Type** add row for “Exemption Granted” or “Exemption Denied” from dropdown and enter date. Other Adults: Use the Other Adults page to add information about the other adults who live in the home or would have regular presence in the home, but are not living in the home.

- County License Case Notebook/ID Page a County License Case (CLC) will need to be created for all applicants. The following steps are for applicants who do not have an Emergency/Compelling Reason Placement. See page 8 for Emergency/Compelling Reason Placements. Although the CLC is being utilized for documentation of the RFA process, RF are approved not licensed. Enter date in **Application Received** field to identify when the application was received. Under **Application Status** add row for “Pending.” Under **License Status** add row for “RFA pending.”

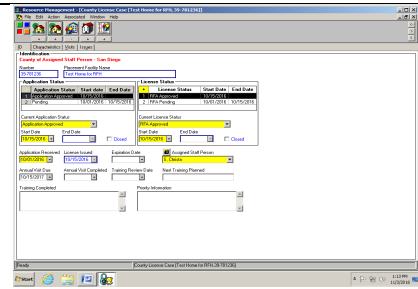

- Enter the applicant/RF identification (ID) number in the **Number** field on the ID page of the CLC. The applicant/RF ID number **must begin with the county numeric code**. The field allows for nine (9) alpha/numeric characters; the county may determine the rest of the numbering convention. Note: Existing RFHs may keep their current ID numbers, but all new ID numbers need the specified

numbering convention to prevent duplicate ID numbers among counties. Once the applicant is fully assessed and approved, update the CLC by adding a row for “Application Approved” under **Application Status** and under **License Status** add a new row for “RFA Approved” and enter the date. The annual visit due date will auto fill. (b) If application is withdrawn, under **License Status** add a new row for “RFA Withdrawal.” **Application Status** does not need to be updated. In the **Priority Information** briefly state the reason (e.g. other relative selected). If application is denied, under **License Status** add a new row for “RFA Denied.” **Application Status** does not need to be updated. This is also used for homes that have an approval rescinded. Denied should only be used for homes in which a written report documenting the denial occurs which affords the family due process rights. In the **Priority Information** text box write “denied” or “rescinded” and briefly state the reason (i.e., home environment; non-exemptible crime, etc.).

- The values of “RFA Approved” and “RFA Probationary” are the only values that allow for placements to be made in the home. The “RFA Probationary” value is **only** to be used for emergency/compelling reason placements.
- The values of RFA Denied, RFA Discontinued and RFA Withdrawal all close the CLC and will result in the “Closed” checkbox being checked.
- “RFA Denied”—should only be used for a denial in which a written report is completed that affords the family due process rights. This can be when an applicant is denied due to not meeting a specific standard or when an approved RF has the approval rescinded. In the **Priority Information** box note whether denied or rescinded.
- “RFA Withdrawal”—should be used when an applicant decides to no longer continue the approval process. This may also include when the applicant is unresponsive to requests to provide information that doesn’t rise to the level of a denial. This will close out the CLC.
- “RFA Discontinued”—should be used when an approved RF determines they no longer want to maintain their approval.
- “RFA Suspended”—This status does not close the home. This can be used when an approved RF wants to take a temporary, short break from accepting placements, but not discontinue their approval. This status does not allow for an extension of any requirements, including the annual

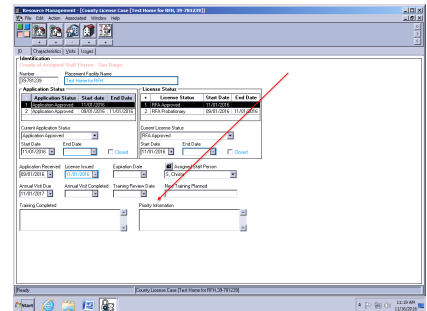

update. If an annual update is due, it still must be completed in the time frame.

NOTE: This is not the same as an inactive status. which is in the process of being developed through new legislation.

- Emergency/Compelling Reason Placements In these placements, a child is placed with a caregiver prior to obtaining full approval. Refer to the Written Directives to see the requirements that must be met prior to placement. Placement Homes and CLCs are created; although the applicant is not fully approved, the License Status of “RFA Pending” cannot be used. It will not allow for a placement to be made in the home. For an Emergency/Compelling Reason Placement, in the CLC:

- Under **Application Status** add row for “Application Approved” and date, even if the application has not been received. Under **License Status** add row for “RFA Probationary.” The “Application Approved” must be selected in order to add the license status row.  
NOTE: Per the Written Directives, you have five (5) days from the date of placement to receive the application from the caregiver. The system will not currently allow an **Application Received** date to be after the **Application Status** date. The 90-day timeline for approval starts from the date of placement. Placement cannot be entered without first documenting an approved application. Approved application does not mean that applicant has been approved. If the applicant does not become approved, that will be documented via the **License Status** field.
- If the applicant for an Emergency/Compelling Reason Placement withdraws, prior to approval, **ONLY** update the **License Status** field by adding a row for “RFA Withdrawal” and date. Similarly, if the applicant is denied, add a row for “RFA Denial.” In the Priority Information text box state provide a short explanation, e.g., “child returned home.”  
NOTE: adding an additional row in the **Application Status** to note a withdrawal or denial sometimes results in system error messages. It appears this problem is unique to the placement prior to approval scenarios.
- Once the applicant is fully assessed and approved, under **Application Status** add a second row for “Application Approved” and date AND under **License Status** add a new row to change license status to “RFA Approved” and date. The system requires another application approved row in order to change the status from “RFA Probationary” to “RFA Approved.” **If the assessment/approval exceeds the 90-day time frame** under the **Priority Information** text box briefly document the reason it was not completed on time

(e.g., relative cancelled three meetings). The annual visit date will auto-fill based on full approval date. **Regarding the identification of relative homes:** CDSS and the California Child Welfare Indicators Project (UC Berkeley dynamic website) will identify relative Resource Family placements by using the “Care Provider Relationship to Child” field along with the RFA facility type. NOTE: This does not capture NREFM placements.. Changes are being proposed to CWS/CMS to be able to add NREFM to the Substitute Care Provider drop down list.

- Annual Update. Once an annual update is completed, in the CLC enter date in **Annual Visit Completed** box. The annual update process should be completed no later than 30 days of the due date. Once completed, enter the date (this will auto fill the next annual due date).

Under **License Status:**

§ If no changes in the RFH status—no further actions are needed.

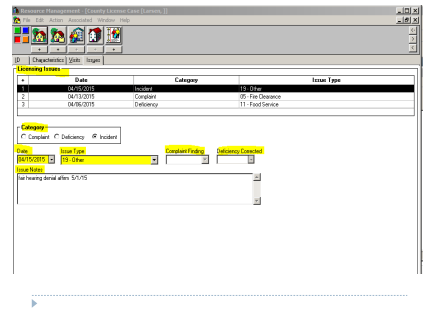

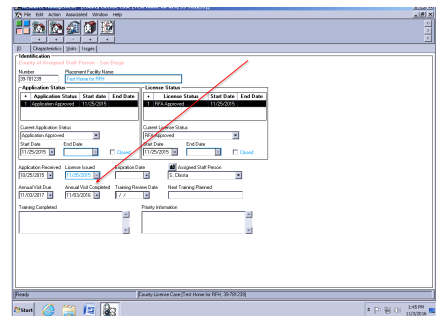

§ If family decides they do not want to continue to be a RF—add row for “RFA Discontinued” and date.

§ If approval is being rescinded—add row for “RFA Denied” and date.

In **Priority Information** box write “rescinded” and provide a brief explanation.

**NOTE:** When the **Annual Visit Completed** date is entered the next **Annual Visit Due** date auto fills based on the date of completion, not original approval. Visits related to the annual update can be added to the Visits tab.

- County License Case notebook/Issues page. Complaints/State Hearings
  - To record a complaint—under **Category** click “Complaint,” enter **Date**, **Issue Type** and **Complaint Finding**.
  - To record a due process State Hearing or Office of Administrative Hearing—under **Category** – click “Incident”; enter **Date** of the hearing; for **Issue Type** select “Other.”
  - In the **Issue Notes** box—write “State Hearing” or “Office of Administrative Hearing.” Identify if the hearing is due to a complaint against the family/applicant or due to the denial of an applicant by writing “complaint” or “denial.” Also include the outcome—“affirm” or “reverse” and date.
- The Placement Process Move can only be completed by the county assigned to the CLC. The move only works for CLCs which have a status that does not close the CLC.
  - To create a new address for a RFH. This function works for a RFH the same as it does for a FFH. Be sure to choose the correct

**Resulting Home Type.** The Resource Family ID number can remain the same when making an address change. The **License Status** for the original home will be set to “RFA Discontinued.”

NOTE: For early implementing counties using this process, ensure that the Resource Family ID number meets the new numbering convention that includes the county code.

- To transfer an existing licensed FFH to a RFH. This cannot be completed on the facility type Relative/NRFEM at this time. The change to a RFH can only be done once all requirements have been met to convert the licensed foster parent to a Resource Family per the Written Directives (an ACL will be released in January 2017). The process is completed the same way as an address change except in **Resulting Home Type** choose “Resource Family Home”. When converting to a RFH, note the following information:

§ Address, and application received date must be re-entered.

§ You must use the new RFA ID numbering convention for the “license number” field.

NOTE: History of the family home is maintained in the system and can be found searching the Substitute Care Providers (SCPs) under the SCP’s Facility History.

§ All SCPs and other adults will be transferred to the new home.

§ All children placed in the current home will be moved to the new home. This will not count as a placement move.

§ Holds on the home will be transferred. If there is a hold on a home that you want to use as a RFH be sure to remove the hold before it is converted.

§ The license status for the old FFH will be automatically set to “Licensee Initiated Closure” and dated as of the transfer date.

§ This will automatically check the box **SCP moved to new address** on the Placement Home ID page even though the address remains the same. There is no way to uncheck this box.

The screenshot shows a software dialog box titled "Process Placement Home Move". It contains several input fields and buttons. The "Status Start Date" is set to 04/28/2016. The "Application Received Date" and "Application Status" (Application Approved) are also visible. There are radio buttons for "Foster Family Home" and "Resource Family Home". The "License Number" field is highlighted. The "Address" section includes fields for Street No., Street Name, City, County of Location (Alameda), State (CA), ZIP, and ZIP Ext. A "Comments" field is at the bottom. Buttons for "Application Approved", "Cancel", and "Help" are present.

<b>Segment Time:</b>	30 minutes
<b>Materials:</b>	Trainee's Guide: <i>Learning Objectives</i> , pg. 5-6 Trainee's Guide: <i>Agendas: Four Day Overview</i> , pg.
<b>Slides:</b>	3

### **Purpose:**

Orient trainees to learning goals for the day.

During the training (what to do):

#### Activity 2A: Learning Objective Review

Trainer can choose between several options when reviewing LOs on a daily basis

- **Option 1** (recommend using this option on Days 2 and 4 as brief overview). Refer trainees to the Trainee's Guide: *Learning Objectives*, (pg. 5-6 Trainee's Guide), and review the Learning Objectives for the training. If using the Learning Objectives posters, using a dry erase marker, circle the LOs groups have identified to focus on. This can be used as a visual for the future training days.
  - Engage the trainees in an activity to identify key Learning Objectives. Refer them to the Trainee's Guide: *Learning Objectives Activity*, page 7.
  - Instruct trainees to read all Learning Objectives and initial two in each area that resonate with them.
  - Ask them to discuss their selections among the table groups and select one that interests the majority of the group.
  - Facilitate a large group report out.

**Trainer Tip:** Do not just read through each of the Learning Objectives

- **Option 2:** (recommend using this option for Day 1). Refer to Ice Breaker Activity above with reference to Review of Learning Objectives
- **Option 3:** (recommend for Day 1 and/or 3) – 1-2-4 Activity.
  - Ask the trainees to review the Learning Objectives individually (pg. 5-6, Trainee's Guide). As the trainees are reviewing the Learning Objectives, ask them to pick TWO Learning Objectives that they have down pat. Also, ask the trainees to underline TWO Learning Objectives that they need to learn the most about.

Learning Objectives

- Instruct the trainees to markup the handout. This will increase the multiple sensory inputs involved in the reflection of their prior experience and it will help you know when people are finished.
- Walk around the room and watch for when about 80% of the class seems to have made their choices.
- Prompt the class to turn to a partner and share with each other their choices. Walk around the room to monitor progress.
- Allow 60 seconds and prompt the trainees to switch so both people get to share. In another 60 seconds, ask the trainees to stop this discussion and give you their attention.
- Ask everyone to stand up. Then tell them that each pair needs to find another pair from another table. In groups of 4, ask the trainees to discuss what commonalities and differences there are amongst their group. Ask each team to identify what is emerging as the most important Learning Objective to cover during the training. Walk around the room and listen for participation and allow 4 minutes for this process.
- Regain the trainees' attention. Ask each group of 4 to introduce themselves to the rest of the group and then report out what emerged as the top priority for the day from their group, with the trainer charting the responses. Allow 5-10 minutes for this process. After the activity, check with the group to clarify information and check if there are any questions. This activity will identify the top priorities for the training day.

## Day 3, Segment 3: Children's and NMD's Rights

<b>Segment Time:</b>	20 minutes
<b>Materials:</b>	Trainee's Guide, <i>Child's Rights Activity</i> , pg.77

Reminder of intent of RFA

### **Preparation:**

During the training (what to do):

#### **□ Activity 3A: Child's and NMD's Personal Rights**

- Flag activity: Have trainees find Child's Personal Rights in the Written Directives; review them together. WD 11-08.
- A Resource Family shall ensure a child or a non-minor dependent is verbally notified of his or her rights and provided with a written copy of these rights and information regarding agencies a child or a nonminor dependent may contact concerning violation of these rights:
  - Upon placement in the home
  - Upon the request of a child or a non-minor dependent

Trainee's Guide, *Child's Rights Activity*, pg. 77

**Trainer Note:** Bring attention back to Practice and Leadership behaviors

- SW Practice behaviors – Engagement #3, #4, #6, Teaming #9, #10

**Trainer Note:** Share importance of RFA worker to cover in detail the Child's Personal Rights. Share with resource families the majority of regulation violations (Licensing/RFA) are personal rights **violations**.

Trainer can choose between two **options**:

- Have a little competitive fun! Prize for winning table (lottery tickets; choice from snack basket, etc.)
- Activity that allows for five minutes at tables for trainees to read the personal rights in Written Directives, focusing on rights of **minor dependents**.
- Instruct participants to set WD aside and, as a group, capture all they can remember.
- Repeat for five- minute review of personal rights of **nonminor dependents**, with capture of all they can collectively remember.

Flag Activity: Written Directives

- Child Personal Rights & NMD Personal Rights
  - Check for understanding

## Day 3, Segment 4: Reasonable and Prudent Parent Standard

<b>Segment Time:</b>	15 minutes
<b>Materials:</b>	Trainee's Guide, Article: <i>Free-Range Parenting</i> , pg. 75-76 Video (4:50 min): <a href="#">Free Range Parenting</a> Chart pad paper Markers
<b>Slides:</b>	5-8

### **Purpose:**

Provide an overview of the Reasonable and Prudent Parent Standard

### **Preparation:**

Ensure the training room has internet access and preview the video

During the training (what to do):

#### □ Activity 4A: Reasonable and Prudent Parent (RPP) Standard:

**Trainer Note:** Practice Behaviors – Engagement #6, Assessment #7, Teaming #8

- The Goals of the Reasonable and Prudent Parent Standard (RPPS) ***applies in specified situations***: allows youth in care to participate more freely in extracurricular, social, and enrichment activities and have access to household items and information in preparation for adulthood, allows for Resource Families to approve participation in activities best suited for the children in their care and select substitute care providers using RPPS. The RPPS may not be used to violate the child's personal rights (i.e. child cannot be forced to attend a religious service, withheld from participation in sports activities due to refusal of chores etc.).
- Remove barriers to recruitment and retention of Resource Families.
- Reduce the need for social workers to either give permission or to obtain Juvenile Court approval for reasonable care giving activities, should be care-giving.
- Respect the rights of youth in out-of-home care.

#### Reasonable Prudent Parent Standard (RPPS)

- ▶ Provide all children/youth in care with a "normal" life experience.
- ▶ Empower the resource family to encourage youth to engage in extracurricular activities that promote child well-being.
- ▶ Allow for reasonable parenting decisions to be made by the resource family without waiting to obtain the social worker, probation officer, or Juvenile Court approval.

<p>❑ Activity 4B: RPPs for Older Youth</p> <ul style="list-style-type: none"> <li>• Explain that the RPP standard is characterized by careful and sensible parental decisions that maintain the child’s health, safety, and best interest.</li> <li>• It outlines the requirements a Resource Family must adhere to in utilizing Alternative Caregivers: <ul style="list-style-type: none"> <li>○ Child’s conditions: emotional, behavioral, medical, and/or physical</li> <li>○ Medications child needs and physician’s instructions</li> <li>○ Name and phone number of child’s SW or PO</li> <li>○ Resource Family’s emergency contact information</li> <li>○ Prior to the absence from the home, the Resource Family must</li> <li>○ Inform the SW/PO of the following: <ul style="list-style-type: none"> <li>○ Dates Resource Family will be away from home</li> <li>○ Name, address (if applicable), and phone number of the alternative caregiver</li> <li>○ Emergency number for the Resource Family</li> </ul> </li> </ul> </li> </ul>	<p>RPPS for Older Youth</p> <ul style="list-style-type: none"> <li>› Access to information on: <ul style="list-style-type: none"> <li>› Vocational and post-secondary educational options including: <ul style="list-style-type: none"> <li>› Admission criteria for universities, colleges, trade, and vocational schools</li> <li>› Participating in campus tours</li> <li>› Internet research on post-secondary schools</li> <li>› Attending post-secondary school-sponsored events</li> <li>› Learning how to obtain financial aid</li> </ul> </li> </ul> </li> </ul>

- ▶ Updated home and grounds inspection if the family moves

#### Out Of County Protocol

- ▶ If the host county is the approving county, the host county shall notify the placing county of any complaints or sub-arrest notifications and any actions taken against the resource family.
- ▶ For further information on the finalized protocol the full version can be located at [RFA out of county approval protocol](#)

## Day 3, Segment 8: Funding

<b>Slides:</b>	18-19

### Purpose:

Describe key funding issues for Resource Families

During the training (what to do):

<p>☐ Activity 8A: RFA Funding:</p> <ul style="list-style-type: none"> <li>• Review slide.</li> <li>• ARC Funding</li> <li>• NREFMs are eligible to Emergency Assistance for up to 1 year</li> </ul>	<p><u>Funding</u></p> <ul style="list-style-type: none"> <li>➢ The relative or NREFM applicant is not eligible for an Aid to Families with Dependent Children Foster Care payment (including federal financial participation, if child is eligible) until:             <ul style="list-style-type: none"> <li>➢ The applicant receives Resource Family Approval by completing all components of the approval process.</li> </ul> </li> </ul>
<p>☐ Activity 8B: Prior to Approval Funding Options</p> <ul style="list-style-type: none"> <li>• Reference new ACL regarding funding through June 30, 2018 and potential moving forward after June 30 2018</li> <li>• The CW 2219 application and CW 2218 form have been developed for non-needy caretaker relatives applying for CalWORKs on behalf of relative youth in care who have been temporarily placed by the county child welfare agency the simplified CW 2219 application asks for the child's information, such as income or property of the child. A separate application is required for each child for whom the non-needy relative caretaker is applying The CW 2218 (Rights and Responsibilities) is specific to non-needy caretaker relatives Normal CalWORKs rules apply, with the exception of SFIS. Non-needy caretaker relatives who fill out the CW 2219 are exempt from fingerprint and photo-imaging requirements. SFIS is required if the caretaker relative subsequently applies for CalWORKs for themselves and/or other children in the home who are not relative foster care children.</li> </ul> <p>First 30 Days</p> <ul style="list-style-type: none"> <li>• Q. Can a county place a child in a relative's home on an emergency basis prior to Title IV-E relative approval of that home and claim ESC to EA? A. Yes. the relative's home, the placement would be considered an ESC placement and would be claimable to EA. However, when the relative's home is approved and the child meets all eligibility criteria for Title IV-E Foster Care, counties should no longer claim EA. The CDSS protocol dictates that a county claim Title IV-E first, if the child is eligible. The EA is used for non-federally eligible cases/costs only.

- Q. Does EA fund ESC provided by a relative? A. Yes. A child placed with a relative may receive EA-ESC for a period of 30 days, after which time there is no federal or State funding for relatives in ESC. (Refer to CFL No. 93/94-38 dated March 18, 1994). If a county decides to keep a child placed with a relative in EA-ESC beyond 30 days the county may utilize county-only funds for that placement or may refer the relative to CalWORKs for needy or non-needy relative caretaker assistance.

## Day 3, Segment 9: Post-Approval Activities

#### Activity 11A : Inactive Status

- Review slide

**Trainer Note:** WD 10-02(d) – emergency placements while on inactive status

#### Inactive Status

- To be placed on Inactive Status, a County must receive written notification by the Resource Family that includes the following information:
  - The date the Inactive Status will begin
  - The reason for the request
  - An anticipated date the Inactive Status will end.
- A Resource Family can not be placed on Inactive Status if a child or nonminor dependent is placed in the home
- A Resource Family must give a 30 day notice to a County to end their Inactive Status. The Resource Family will then be subject to an Annual Update
- A period of inactive status may not exceed two years.

# Day 3, Segment 12: Successes and Accomplishments

Segment Time:	20 minutes
Materials:	Trainee’s Guide: ACL 16-37, pg. 119-122 Chart pad paper Markers
Slides:	23-26

**Purpose:**

Discuss ways to highlight successes and accomplishments of Resource Families

During the training (what to do):

**Activity 12A: Successes and Accomplishments**

- Facilitate group discussion: How do you ensure you acknowledge your Resource Families successes and accomplishments? Chart answers and ideas. Why is this important? (i.e., retention, providing support, parallel process with support SWs should provide to birth parents and Resource Families toward youth and birth parents, etc.)
- ACL 16-37 provides resource families with training to address the authorization, uses, risks, benefits, assistance with self-administration, oversight and monitoring of psychotropic medications, trauma and substance use disorder and mental health treatments, including how to access those treatments. (Trainee’s guide, pg. ??)

**Trainer Notes:** We just completed reviewing the requirements for Post Approval Monitoring and Annual Updates. Going back to the core ideological shift of RFA is the focus and being Family Friendly and Child Centered. What does being Family Friendly and Child Centered look like after approval? With CCR and RFA there is a major focus on recruitment, development, and support of resource families.

**Activity:** Assign each table group a topic (recruitment, development, support). Allow 15-20 minutes for the groups to create an advertisement of their county plan focusing on their assigned topic. What would be the 3 most important factors you would want to share with resource families in your advertisement. Use only graphics and “catch phrases.” Have each group share their advertisement; explaining their plan to provide ongoing recruitment, development, and support of approved resource families. Debrief with the trainees the expectations and the importance of these topics on improving the quality of our resource families and ultimately the well-being of youth in care.

Family Friendly / Child Centered Support

Post Approval

- Recruitment
- Development
- Support

Activity:

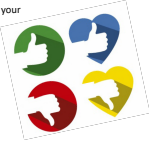

- Create an Advertisement include 3 factors (min) using only graphics and “catch phrases”

RFA Support (cont.)

- Engagement
- QPI
- Partnership Plan
- Training Opportunities
- Psychotropic Medications
- Trauma Handouts
- Natural Support Systems

Activity: Success and Accomplishments

- Do you have a way to handle compliments as well as complaints?
- How do you ensure you acknowledge your Resource Families’ successes and accomplishments?

□ Activity 12B: Language Reflects Thinking: Words Matter

- Note that we must change language as our thinking changes.
- Facilitate discussion with group on how our choice of words impact the perceptions of Resource Families. We need to be cognizant of how those perceptions may drive the responses of Resource Families in positive or negative ways. This can greatly impact how a case proceeds. Parallel process: SWs with birth families, resource parents with youth in their home. Have group identify words that have been used throughout the training that could bring forth anxiety and negative perceptions for Resource Families and discuss alternative language. Examples include:
  - Revocation, rescind
  - Conduct inimical
  - Violation
  - Deficiency
  - Compliance
  - Corrective Action Plan
  - Non-compliance conferences—Conformance conferences
  - Complaints
  - Citation
  - Appropriate
  - Concern
  - Issues
  - Assess
  - Foster Child/Foster Parent
  - Client
- “Problem” = an energy drainer, carries shame, blame, guilt; leads to taking one-up positions, labeling, making negative assumptions when people are hesitant to share “problems.” (TDM Facilitator’s Guide 2011)
- Try “worries,” rather than “problem”; it can take discussion to a more workable level and open avenues to the good will behind difficulties that families experience.
- “Options” rather than “advice”; options provide choices and choices empower (when families choose own solutions, they bring special energy and commitment).
- “Families,” not “cases” or “clients.” Consider using “person-first” language when talking about families and children.
- “Child” or “Young Person,” not “minor”; “alleged offender,” not “perp.”

**Trainer Tip:** As we continue to consider how we support resource families, we need to evaluate how we communicate with families.

Language Reflects Thinking: Words Matter

- ◇ We must change language as our thinking changes.
- ◇ Words Matter Activity

## Day 4, Segment 2: Review Learning Objectives

<b>Segment Time:</b>	15 minutes
<b>Materials:</b>	Trainee's Guide: <i>Learning Objectives</i> , pg. 5-6
<b>Slides:</b>	3

### **Purpose:**

Orient trainees to learning goals for the day

### During the training (what to do):

- ❑ **Activity 2A: Learning Objective Review**  
Review the Learning Objectives for the day. Trainer can choose between several options when reviewing LOs on a daily basis.
- **Option 1** (recommend using this option on Day 2 and 4 as brief overview). Refer trainees to the Trainee's Guide: *Learning Objectives*, pg. 5-6 and review the Learning Objectives for the training. If using the Learning Objectives posters, using a dry erase marker, circle the LOs groups have identified to focus on. This can be used as a visual for the future training days.
    - Engage the trainees in an activity to identify key Learning Objectives. Refer them to the Trainee's Guide: *Learning Objectives Activity*, pg. 7.
    - Instruct trainees to read all Learning Objectives and initial two in each area that resonate with them.
    - Ask them to discuss their selections among the table groups and select one that interests the majority of the group.
    - Facilitate a large group report out.

**Trainer Tip:** Do not just read through each of the Learning Objectives.

- **Option 2:** (recommend using this option for Day 1). Refer to Ice Breaker Activity above with reference to Review of Learning Objectives
- **Option 3:** (recommend for Day 1 and/or 3) – 1-2-4 Activity.
  - Ask the trainees to review the Learning Objectives individually (pg. 5-6, Trainee's Guide). As the trainees are reviewing the Learning Objectives, ask them to pick TWO Learning Objectives that they have down

#### Learning Objectives

pat. Also, ask the trainees to underline TWO Learning Objectives that they need to learn the most about.

- Instruct the trainees to markup the handout. This will increase the multiple sensory inputs involved in the reflection of their prior experience and it will help you know when people are finished.
- Walk around the room and watch for when about 80% of the class seems to have made their choices.
- Prompt the class to turn to a partner and share with each other their choices. Walk around the room to monitor progress.
- Allow 60 seconds and prompt the trainees to switch so both people get to share. In another 60 seconds, ask the trainees to stop this discussion and give you their attention.
- Ask everyone to stand up. Then tell them that each pair needs to find another pair from another table. In groups of 4, ask the trainees to discuss what commonalities and differences there are amongst their group. Ask each team to identify what is emerging as the most important Learning Objective to cover during the training. Walk around the room and listen for participation and allow 4 minutes for this process.
- Regain the trainees' attention. Ask each group of 4 to introduce themselves to the rest of the group and then report out what emerged as the top priority for the day from their group, with the trainer charting the responses. Allow 5-10 minutes for this process. After the activity, check with the group to clarify information and check if there are any questions. This activity will identify the top priorities for the training day.

## James Family Role Play

These role plays will be demonstrated in front of the class. Ask for a trainee to volunteer to be the grandparent.

The trainer will play the role of the worker, Ms. Tolliver. The trainee will play the role of Ms. James, Grandmother, applying to be a Resource Family for her granddaughter.

### Script for Poor Engagement

The grandparent, Ms. James, appears to be waiting, looks at her watch, and taps her foot.

The social worker, Ms. Tolliver, rushes up to Ms. James.

**Ms. Tolliver:** Oh, hello, Ms. Jones.

**Ms. James:** It's Ms. James, not Jones.

**Ms. Tolliver:** Sorry. I keep making that mistake. I'm not good at names. Now, let's talk about the pre-approval training. Did you go to the training I told you to go to? The one at Missionary Baptist?

**Ms. James:** No. I didn't go. I'm not Baptist and I don't want to go to classes there.

**Ms. Tolliver:** (Crosses arms.) You're not Baptist? Look, the sooner you jump through these hoops, the sooner I'll be able to complete your approval. I've got a lot of cases to deal with and I can't be running around finding special classes to meet every need. The classes at Missionary Baptist are approved by the agency and they are free. You've got to take what you can get.

**Ms. James:** I don't even understand why I need to go to pre-approval classes. I raised my other granddaughter and adopted her 2 years ago.

**Ms. Tolliver:** Well, it says right here in your application packet, "Resource parents to attend pre-approval training." (Flips through pages, muttering to herself as she tries to remember the facts of the file.) All applicants have to go to training.

**Ms. James:** That seems kind of like a waste of time since I was already a foster parent.

**Ms. Tolliver:** Well, you should do it and get it over with. Now what about your living situation? Did your younger sister move back in with you? I think she is a good support person but she'll need to get fingerprinted.

**Ms. James:** No. She didn't. My sister and I argue a lot and it stresses me out to be around her. I'm better off with my roommate.

**Ms. Tolliver:** Wow, Ms. Jones, you are really off the rails here. Things are looking bleak.

## Script for Good Engagement

The trainer will play the role of the worker, Ms. Tolliver. The trainee will play the role of Ms. James.

The parent, Ms. James, and the worker, Ms. Tolliver, walk up to the front of the room together.

**Ms. Tolliver:** Oh, hello, Ms. James. How are you today?

**Ms. James:** I'm OK. I just left a visit with Layla. It's hard to leave her. She cries and I don't know what to do. Why can't she come home with me now?

**Ms. Tolliver:** I'm sorry. I know that must be hard for you. Have you discussed it in your pre-approval training class? They might have some ideas for you.

**Ms. James:** No. I didn't go to the group. They meet at the Baptist church and I'm not Baptist. I don't feel comfortable there.

**Ms. Tolliver:** Oh! I didn't realize that would be hard for you. Maybe I could find a class that would be a better fit. What kind of setting would help you feel more comfortable?

**Ms. James:** I guess something not in a church, maybe at the community center. I'm not religious and I don't like being around church because my uncle used to make us go. Anyway, I don't even understand why I need to go to pre-approval classes.

**Ms. Tolliver:** Well, remember when you talked with Ms. Nicolls about becoming a Resource Family? I know you've raised your older granddaughter and the approval process was different 2 years ago. But we've moved to a new process that we believe will help you and all other families be more prepared for the children coming into your care. You remember that Layla was drug exposed and her crying is probably related to that. What do you think the class might help you with that you might not have experienced with your other granddaughter?

**Ms. James:** I guess I'd like to know what to expect in her development and behavior since she was drug exposed.

**Ms. Tolliver:** I think you might like the class at the community college. It has a group sharing time and you can bring up hot topics like raising a baby with drug exposure. I'll get you the information. How does that sound?

1. Third party contacts RFA unit. Includes anyone who is not the caregiver or RFA staff.	Must document allegations indicating Written Directives or Applicable Law violations as a complaint.	-Use RFA 802 to document complaint. -Use RFA 9099 to document investigation and findings. -Use RFA 9099C to cite deficiencies.	Visit is unannounced.
2. Resource Family self-reports to RFA unit either by telephone or incident report.	Determine whether the incident warrants a case management visit to address any Written Directives or Applicable law violations.	Use RFA 809 marked as "Case Management" to address and cite any violations.	Visit is announced.
3. During interviews with individuals for an existing complaint investigation from any-one other than the caregiver or original complainant.	Must document any allegations indicating Written Directives or Applicable Law violations on a new complaint with new control number.	See #1 above.	The <b>10-day due date</b> for this complaint investigation is based on the date the information was received by RFA worker, not by the 10-day due date of the initial complaint.
4. RFA worker observes violations during a complaint visit.	Cite violations under a "Case Management" visit.	Use RFA 809 marked as "Case Management" to cite any violations.	Do not refer to complaint investigation on the RFA 809. Instead state, "During a visit to the home, the following deficiencies..."

## INSTRUCTIONS

---

**COMPLAINT INVESTIGATION REPORT** – Complaint visits are made to Resource Families to investigate allegations made concerning the family. If multiple visits are needed to complete a complaint investigation, each individual visit to the home is recorded as a complaint visit, RFA 9099. California law requires an unannounced visit to the home occur within 10 calendar days of receipt of a complaint. This report is a record for the Resource Family and the County. Based on the investigation finding(s), this report may be public or confidential. Therefore, care must be taken not to disclose personal or confidential information on a public document. Inquiries concerning the location, maintenance and content of these reports may be directed to the Resource Family Worker or office whose address and telephone number are listed on the front.

**CENSUS** – The number of children or nonminor dependents a Resource Family has under their care at the time of the visit.

**RESOLUTIONS** – One of the following resolution codes are checked by the Resource Family Worker:

Substantiated: Means that the investigation concluded that based on a preponderance of the evidence, meaning that it is more likely than not, the allegation in a complaint occurred.

Inconclusive: Means that the investigation concluded that the allegation in a complaint is not substantiated or unfounded.

Unfounded: Means that the investigation concluded that the allegation in the complaint is false, meaning that there is no credible evidence that the allegation in the complaint occurred.

Needs Further Investigation: This box should be checked if a determination cannot be reached at the conclusion of the Resource Family visit. A follow-up visit to conclude the investigation will be made within the specified days of completion.

**DEFICIENCIES** – A nonconformance with Written Directives or any applicable laws. Resource Families must be notified in writing of all Written Directives or any applicable law deficiencies. Deficiencies related to a complaint investigation are only issued for a complaint finding of substantiated and documented on the RFA 9099C.

**CORRECTIVE ACTION PLAN** – The Corrective Action Plan (CAP) is a plan developed by the County which describes how the Resource Family is not meeting the requirements of one or more of the Written Directives or any applicable law, and the steps the Resource Family and the County will take to ensure that the Resource Family meets the requirements of the Written Directives or any applicable law. The County shall request and consider feedback from the Resource Family when developing the CAP. It is incumbent that the County establishes the time limit for the CAP. In order to set the time limit, the County must take into consideration the seriousness of the deficiency, the number of children or nonminor dependents in care involved, and the availability of resources and support. The more specific the plan, the less chance exists for any misunderstanding in setting time limits and reviewing corrections. The Resource Family who encounters problems beyond his/her control in completing the corrections within the specified timeframe may request and be granted an extension of the correction due date by the County. The CAP for deficiencies related to substantiated allegations will be documented on the RFA 9099C.

**APPEAL RIGHTS** – The Resource Family has a right, without prejudice, to discuss any disagreement in this report with the County concerning the proper application of the Written Directives or any applicable laws. When visiting a Resource Family during the course of an investigation, the County shall ensure that the Resource Family is aware of their rights and responsibilities during the investigation process, including appeal rights for any actions which may result.

**APPEAL REVIEW** – The County has a duty to review the facts presented without prejudice. Upon review of the facts and in accordance with Written Directives or applicable law, the County may amend any portion of the action taken or may dismiss the violation.

## Role Plays

### Trainer Instructions:

Introduce the activity and outline the role-play instructions. Emphasize that role-playing provides trainees with an opportunity to apply their new knowledge, skills, and tools in situations that simulate actual family interactions. Let trainees know that the lead role has been designated “facilitator.” Even if they never act as the team facilitator, these communication skills are critical for all CW and BH staff to develop.

Select the role-plays you will use. Each role-play has different denominations for role-play trainees. Direct the members of each group to choose who will play each role of all listed in the role-play, including one observer. Remind the groups that each participant will play each role during the activity. Review the expectations for each role with the trainees.

Distribute role-play materials to trainees taking on the family and observer roles. Give each participant a copy of the scenario information sheet that includes the description of the scenario.

Give the “observer” a scenario information sheet describing the case-specific issues they should watch for and a role-play observation checklist.

Give the groups 10 minutes to conduct the role-play. Circulate among the groups to answer any questions that may arise and provide guidance as needed.

Instruct each group to discuss the role-play. After the small groups have finished with the role play, ask the groups to take five minutes to talk about what happened during the role play. Encourage trainees to provide constructive criticism during their discussions and to take breaks as needed between role-plays. The groups should discuss the following questions among themselves:

What was going on between the facilitator and team trainees?

What did the facilitator do in this situation that was effective?

What might the facilitator consider doing differently?

Rotate roles and substitute new role-plays. Trainees should rotate roles within their small groups. If the small groups are each working on different role-plays, the groups can pass their role-play materials to the next group.

Process the activity. After the groups have completed three rounds of role plays (each team member has had an opportunity to play each role once), conduct a discussion in the large group using the following questions:

While playing the role of the facilitator:

### 6. Role Play—Engaging Culture

Goal—Infusing culture in the CFT

**Safety Organized Practice**  
**Module**  
**SOLUTION-FOCUSED INQUIRY**  
**COACHING AND SUPERVISION TIPS**

1. Help workers recognize there is no formula for using solution-focused questions. They use several in a single interview. Whole conversations may be devoted just to the “worries” and whole conversations just to “what is working well.” They should not feel an interview failed because they were unable to use a solution-focused question, or that it succeeded because they did.
2. Help workers find ways to explain to the family up front that they are going to ask some questions designed to help the family think critically through their current situation. Help the social worker to establish “agreements” to “facilitate” the interview (make it easy for the family).
3. Have workers describe exception questions they are trying, how families are responding, and how the information they gathered is affecting their assessment and decision process.
4. Be on the lookout for exception questions that lack detail, which often happens when people first try these out. “*He told me there was a time he was clean a few years ago.*” You can help a worker remember to gather follow-up details by asking, “*What did you learn about how he was able to accomplish that? Who or what helped the most? And what else? What did you learn about the impact that period of being clean had on his child(ren)?*”
5. Have workers describe the scaling questions they asked, how families responded, and how the information they gathered affected their assessment and planning process. Identify scaling questions that worked well. (Just as in #3, listen for detail. If the scaling question is not followed up with detail, ask the worker some follow-up questions.)
6. Practice scaling questions in conversations with workers. In particular try “Safety/Danger” scales and “Progress” scales.
7. If a worker is having trouble creating case plan activities that are behavioral (actions of protection and not just a list of services), ask a scaling question such as, “What would it take for the family to move up, *but just by one?*” on a danger/safety scale. If a worker takes too big a leap, or focuses solely on services, try asking, “But what kind of *action* would you want to see the caregiver take that would bring your number up, but just by one?”

Solution Focused Questions

Exception

While there is likely a problem situation that prompted you to sit down to talk with someone, this is a way to talk about their strengths and abilities; it is the first set of questions I start interviews with in most situations, just like TDM meetings start with Strengths; the first one listed below is a “near miss” situation, and the last is more suited to getting people talking about values and accomplishments.

Examples:

Was there a time that \_\_\_\_\_ could have happened, but it didn't?

When was a time that things were going well for you?

What are some things you've done that you are most proud of?

Preferred Future

What would they like to see for themselves or their family; many folks like to ask the Miracle Question for this information in order to get details about what would be different in the person's life.

Examples:

How would you like things to be?

What would it look like if this problem went away?

Who would be around helping you keep things on track and what would they be doing?

What do you see happening next?

Coping

Another set of strengths and resources, but closer to the problem situation and what someone does to deal with it OR who else helps them in this situation.

Examples:

How have you dealt with this situation?

What do you do that keeps things from getting worse?

Who supports you when things get tough?

## Scaling

Here we are trying to get someone to notice that the situation is not as black and white as they might think, or to help them notice the difference between desire/importance score and their ability score.

### Examples

On a scale of 1-10, with 10 being [*insert desirable condition, outcome, confidence, ability, or importance*], where would rate yourself?

How do you get to that number?

What makes it a \_\_\_ and not a 0?

What is a small thing that could happen to make it go up by just one number?

## Position

This is an attempt to get people out of their own perspective and to consider the concerns and perspectives of others.

### Examples

If \_\_\_\_\_ was here, what would they say they are [*insert worried about, think about the situation, would like to see next*]?

If \_\_\_\_\_ was here, [*insert any of the four previous types of questions*]?

Solution-focused Inquiry  
THINGS TO TRY**

- Before meeting a family for the first time, look at the reported information. Look for the empty spaces and plan to ask exception questions about times the parents were able to keep their children safe. Ask these questions with the family.
- Set agreements up front with the person you are interviewing to explain that you are going to ask some questions to help him/her critically think through his/her current situation and look for possible solutions. Setting agreements will help you to facilitate the interview (i.e., make it easier for him/her).
- Choose one area that most Structured Decision Making (SDM) assessments include (i.e., substance abuse, hazardous home, domestic violence). Look at the SDM definitions related to that area when assessing safety vs. risk vs. needs. What exception questions can you think of that would assist you in scoring that area? Are the questions the same? Different?
- In supervision, create a list of any exceptions you know about or exceptions you have asked about for every identified safety threat, risk factor, or need. Decide together whether awareness of the exceptions changes your assessment (it may, but it may not).
- Try using exception questions when talking to other professionals to enhance your understanding of their views about a family.
- In supervision, scale child safety/danger and/or progress on a case plan (depending on the purpose of supervision).
- In supervision, scale from the perspective of at least three people (especially the child!). Include follow-up questions (“What would X say needs to happen to go up by one?”).
- Choose one area from the SDM assessment you are about to complete with the family (i.e., safety, probability, FSNA, reunification). See if you can use the SDM definition to help you construct a scaling question to help score the item. Find out which scaling questions often work really well in this area.
- Try using scaling questions when talking to other professionals to get their views about a family (Options: Focus on safety/danger, on willingness/capacity/confidence, or on progress).
- Use a scaling question at each visit to talk about progress toward an overall goal or an aspect of the plan.
- Practice position questions with the families with whom you are working. “If your child was here right now, what would he/she say worries him/her? What would your mother say is working well?”
- Ask a new family with whom you are working to imagine that it’s three months from now, and they are really increasing safety for their children. What do they think needs to happen to make this vision a reality?

Marriages in California between two people of the same sex are valid if the marriages occurred during two time periods. The first time period was between June 16, 2008, and November 4, 2008. In June 2008, the California Supreme Court ruled *In Re Marriage Cases* that it was a violation of the California state constitution to discriminate between same sex and opposite sex couples on the right to marry. In November 2008, voters passed Proposition 8, amending the state constitution to prohibit marriages between individuals of the same sex.

The purpose of this All County Letter (ACL) is to provide counties, licensed foster care providers and other interested stakeholders with information on the Resource Family Approval (RFA) Program in preparation for the mandated statewide implementation on January 1, 2017. This Program will directly impact county welfare and probation departments and licensed foster care providers by creating a new foster caregiver approval process that replaces multiple existing processes of licensing or certifying foster homes, approving relatives, nonrelative extended family members (NREFMs), prospective adoptive parents, and legal guardians.

#### Background/Overview

The RFA Program was enacted by legislation sponsored by the County Welfare Directors Association (CWDA) in 2007 and expanded through [SB 1013 \(Chapter 35, Statutes of 2012\)](#). The statute requires the California Department of Social

Services (CDSS), in consultation with county child welfare agencies, including juvenile probation, foster parent associations, and other interested community parties to

Implement a unified, family-friendly and child-centered RFA process. Per statute, the new process was required to be tested in up to five early implementing counties prior to statewide implementation.

Five volunteer counties from varying geographic locations were selected by CDSS to be early implementers: Kings, San Francisco, San Luis Obispo, Santa Barbara and Santa Clara. The five counties began early implementation between

November 1, 2013 and August 1, 2014. Since their implementation, the five counties, CDSS, and other stakeholders have collaborated on creating policies and procedures, developing implementation guidelines, assessing challenges and barriers, and establishing processes for data collection and review.

A second cohort of eight early implementing counties is scheduled to implement their RFA Program between January and July of 2016. These counties include: Butte, Madera, Monterey, Orange, San Joaquin, Stanislaus, Ventura, and Yolo.

#### What is RFA?

RFA is a new foster caregiver approval process that improves the way caregivers (related and non-related) are approved by preparing families to better meet the needs of vulnerable children, youth and NMDs in the county child welfare and/or probation systems. The RFA Program replaces the existing processes for licensing foster family homes, certifying homes of licensed foster family agencies, approving relatives and NREFMs as caregivers, and approving legal guardians and adoptive families by combining the best elements of all the processes into a single approval standard. The process is streamlined and unifies approval standards for all caregivers regardless of the child's case plan, thereby eliminating the duplication of existing processes such as background checks.

RFA creates a framework for all families, including relative and NREFM caregivers, to receive the same information, training and opportunities for support. A Resource Family completes one approval process, and once approved, may choose to provide care on a short- or long-term basis. Once a Resource Family is approved, they will not have to undergo any additional approval or licensure if they choose to adopt or be appointed a guardian for a child in foster care. Approval of a family, however, does not guarantee placement of the child with that family. The child's worker will continue to make placement decisions based on what is in the best interest of the child. Through the RFA process, approved resource families are better equipped to support and prepare a child for permanency.

#### Resource Family Comprehensive Assessment and Approval Process

The RFA process involves completion of a comprehensive assessment that includes assessing the applicant's ability to honor a child's or NMD's natural connections; parent a child/NMD in a family setting; provide a safe, nurturing and stable home; and provide permanence or prepare a child/NMD for permanence. The primary components of the comprehensive assessment include:

##### Home Environment:

This component requires an applicant to meet standards that include, but are not limited to, building and grounds, storage requirements, capacity determination, and background checks.

##### Background Checks:

Comprehensive criminal records check combines components from the current separate approval processes. Resource Family applicants will complete one background check, and once assessed and cleared, will not have to repeat the process if the family chooses to adopt.

### Family Evaluation:

The Family Evaluation creates a comprehensive picture of the family by exploring the applicant's family dynamics and characteristics, including mental, physical, and emotional health. This assessment helps to identify the family's strengths, as well as the supports or additional training that may be needed for the family to best meet the needs of children, youth, and NMDs in out-of-home care.

### Training

This component of the comprehensive assessment includes the family's completion of pre-approval training. The Written Directives (described on page five of this document) provide guidelines and requirements on training topics that must be provided to all prospective resource families and completed prior to the approval of the Resource Family. Pursuant to [Welfare and Institutions Code section 16519.5\(g\)\(13\)](#), a Resource Family applicant shall complete a minimum of 12 hours of pre-approval training. Once approved, post-approval training consists of a minimum of eight hours annually. The Written Directives are currently under revision; therefore, Version three of the Written Directives will reflect current statute regarding Resource Family training.

Once a comprehensive assessment is completed, in order to approve the family, a written assessment of the Resource Family must be completed, which includes a determination that the family possesses the following characteristics:

- An understanding of the safety, permanency, and well-being needs of children and NMDs who have been victims of child abuse and neglect, a capacity and willingness to meet those needs, including the need for protection, and the willingness to make use of support resources offered by the agency, have a support structure in place, or both.
- An understanding of children's and NMD's needs and development, effective parenting skills or knowledge about parenting, and a capacity to act as a reasonable and prudent parent in day-to-day decision making.
- An understanding of his or her role as a Resource Family and the capacity to work cooperatively with the County or approving agency and other service providers in implementing a child's or NMD's case plan.
- The financial ability within the household to ensure the stability and financial security of the family.
- The ability and willingness to maintain the least restrictive and most family-like environment that serves the needs of a child or NMD.

### Placement Prior to Approval

The RFA process provides for placement of a child or NMD with a family prior to their approval as a Resource Family based on two situations:

- In an emergency situation, a child or NMD may be placed with a relative or NREFM prior to approval if the following requirements are met:
  1. An inspection of the home and grounds that indicates it is free of conditions that pose undue risk to the health and safety of the child.
  2. A criminal records check (pursuant to [W&IC section 16504.5](#) and Child Abuse Central Index.

3. Initiation of the RFA process within five business days if continued placement is desired including completion of:
    1. Live scan background check within ten days of placement.
    2. All remaining components of the RFA process within 90 days of placement.
- If a compelling reason exists based on the best interest and needs of the child, and the family has already successfully completed the home environment assessment, a child or NMD may be placed in a home prior to approval. The requirements to be met post placement include:
    1. Completion of a Family Evaluation within 90 calendar days of placement in the home.
    2. Completion of all required pre-approval training within 90 days of placement in the home.

When a placement is made prior to approval for an emergency or compelling reason, the applicant is not eligible to receive Aid to Families with Dependent Children Foster Care benefit payments (including federal financial participation) until the applicant receives approval as a Resource Family by completing all components of the approval process, including pre-approval training, and meets any other Title IV-E criteria.

#### Written Directives

[Section 16519.5 of the W&IC](#) gives CDSS the authority to temporarily administer the RFA Program through “Written Directives.” The CDSS has issued Written Directives and forms for implementing the RFA Program to ensure consistent standards among all counties and approving agencies. The Written Directives contain the processes, standards, and requirements of the RFA Program and have the same force and effect as regulations.

Version two of the Written Directives is currently in effect for all early implementation counties. With ongoing collaboration among early implementing counties and other stakeholders, revisions will continue to be made as RFA moves towards statewide implementation. The Written Directives can be found on the CDSS website at <http://www.childsworld.ca.gov/PG3416.htm>.

#### Key Information

- By January 1, 2017, all counties and licensed foster care providers statewide must implement the RFA process for all new applicants.
  1. All early implementation counties were required to enter into a Memorandum of Understanding (MOU) with CDSS. For all counties beginning implementation on January 1, 2017, this will not be required.
- Once implemented, counties shall ensure all new related and non-related applicants participate exclusively in the RFA Program, including families being considered for probation placements.
- Prior to January 1, 2017, counties will need to prepare a comprehensive Implementation Plan for submission to CDSS per [W&IC section 16519.5\(g\)\(1\)](#).
  1. The purpose of the plan is to provide guidance to counties by preparing for implementation of the RFA Program in their county through thoughtful planning and collaboration with key partners both internally and externally. It will also allow CDSS to provide feedback, guidance, and technical assistance to the county to aid in a smooth transition to the RFA Program.

2. A template providing details on what is required in the Plan and examples of early implementing county plans can be found on the CDSS website at <http://www.childsworld.ca.gov/PG3416.htm>.
  3. Counties will need to review [W&IC section 16519](#) et seq. and the Written Directives in their entirety to prepare their proposed RFA Program implementation plan.
- By December 31, 2019, all existing licensed foster family homes, all certified family homes, and all approved relatives and NREFMs who wish to continue to care for a youth in care must be an approved Resource Family.
1. Licensed foster family homes, certified family homes and approved relatives and NREFM's with an approved adoption home study completed prior to January 1, 2018, shall be deemed to be a Resource Family.
  2. A licensed foster family home, a certified family home, and an approved relative and NREFM who had a child in placement at any time between January 1, 2017 and December 31, 2017, may be approved as a Resource Family on the date of successful completion of a Family Evaluation.
  3. A license, certificate of approval, and relative and NREFM approval will need to be surrendered at the time of approval as a Resource Family so the family is not required to comply with different laws.
  4. All foster family licenses, certificates of approval for certified family homes, and approvals of relatives and NREFMs shall be forfeited by operation of law on December 31, 2019.

5. More information regarding the conversion procedures for all existing families will be forthcoming in a future ACIN.

#### Preparing for Implementation – Resources and Recommendations

- County welfare departments should engage and consult with county probation partners and other affected parties early on to collaborate on implementation of the RFA Program.
- Although Tribes are not required to implement the RFA process for Tribally approved homes, it is important to include them as valuable stakeholders in the RFA Program.
- As training is a critical piece of RFA implementation, it is recommended that counties begin assessing their training capacity, curricula, and space needs to include all families in the process.
- A Readiness Assessment tool has been created as a resource for counties to begin preparing for implementation of RFA. The readiness tool can be found on the CDSS website at <http://www.childsworld.ca.gov/PG3416.htm>.
- Counties are encouraged to visit the California Social Work Education Center (CalSWEC) <http://calswec.berkeley.edu/toolkits/resource-family-approval-rfa> to access an RFA Toolkit with information and tools for counties to use as they prepare to implement RFA. Templates and tools continue to be developed to assist counties with implementing RFA and to provide guidance on the assessment processes. These resources will also be included on the CalSWEC and the CDSS RFA websites as they become available.
- Training modules are currently in development by CDSS and CalSWEC for statewide use by county RFA staff. The training will be piloted with early implementing counties and statewide roll out is projected for late 2016. The trainings will be provided by the Regional Training Academies in collaboration with CDSS.
- The CDSS will be providing on-going technical assistance and training to counties to assist in preparation for full implementation through means such as All County Information Notices (ACINS), county visits, and regional convening's.
- The first five early implementing counties have a wealth of knowledge and experience that can be a valuable resource for other counties as they begin preparing for implementation. Counties are encouraged to connect with early implementing counties for guidance and support.
- The CDSS will also be developing plans to provide technical assistance to licensed foster care providers and will continue to provide information through ACLs, ACINs, and Information Releases.

It is anticipated that the RFA Program will result in better outcomes for children and families by simultaneously addressing the safety of children in foster care and the length of time it takes for them to achieve permanency when they cannot return to their parents. The goal is to improve caregiver standards and better prepare families to meet the needs of children in the foster care system by providing increased support and training. Families who are better prepared and supported will mean that children in their care will experience less placement changes and exit foster care in less time than under the current processes.

SUBJECT: REGISTERED SEX OFFENDER (RSO) ADDRESS MATCHES  
OF RELATIVE/NONRELATIVE EXTENDED FAMILY MEMBER (NREFM)  
APPROVAL AND COUNTY CHILD WELFARE RESPONSIBILITIES

REFERENCE: CALIFORNIA STATE AUDITOR CHILD WELFARE SERVICES  
OCTOBER 2011 REPORT 2011-101.1  
<http://www.bsa.ca.gov/reports/summary/2011-101.1>

This All County Letter provides clarifying instructions to counties regarding procedures to protect minor and Nonminor Dependents (NMD) from having contact with an RSO in a relative or Nonrelative Extended Family Member (NREFM) or court specified placement. Community Care Licensing is responsible for RSO investigations involving licensed facilities, and counties that license foster homes are responsible for investigating homes which they license.

**BACKGROUND**

In October 2011, the California Bureau of State Audits (BSA) compared the addresses of sex offenders in the Department of Justice California Sex and Arson Registry (CSAR) database against state and county licensed and approved homes contained in the Child Welfare Services/Case Management System (CWS/CMS), and found address matches indicating the possible presence of an RSO in the facility or placement home.

As a result, the California Department of Social Services (CDSS) has developed an administrative process to continue the cross-matching of addresses between the CSAR and CWS/CMS databases. On an ongoing monthly basis, an encrypted county-specific file containing matched address data is distributed electronically to each county child welfare

agency, with the exception of nonminor dependents identified in CWS/CMS as living in a "Supervised Independent Living Placement".

### **THE RSO INVESTIGATION AND REPORTING PROCESS**

Whenever a new file is electronically distributed to the county, a document entitled "Instructions for Investigating and Reporting Suspected Registered Sex Offender and CWS Placement Associations" is provided (see attachment). These monthly instructions are the culmination of the testing and county feedback that occurred throughout 2012.

Counties are directed to refer to the instruction document when completing the investigation and reporting process. The process for investigating and reporting back to CDSS must be completed no later than 45 days from the date of the electronic transmission of the file to the county. County workers will be investigating address matches for approved relative/NREFM homes with placement, and without a placement.

#### Approved Home With Placement

Following receipt of the electronic file with address match information for an approved home where a juvenile court minor or NMD is placed, the county worker must investigate and take the following actions:

- Determine if the individual is still residing there. If the person is still residing on the premises, the approved caregiver must decide whether they intend to allow the individual to remain as a part of the household.
- To ensure that a dependent will not reside with an individual who is an RSO or has a non-exemptible crime, the new individual or RSO associated to the address of the approved home must immediately be checked through the California Law Enforcement Telecommunications System and submit to Live Scan fingerprinting and be exempted, if appropriate.
- The individual cannot reside in the home if a dependent child is living there until the criminal background check process has been completed. The relative caregiver/home remains approved pending completion of the criminal background check. A designation of "At Capacity" should be applied in the CWS/CMS pending completion of the criminal background check. Applying the "At Capacity" designation in the CWS/CMS will not allow the home to be available as a placement option (see Appendix, page 2, item 3).
- If the individual's conviction cannot be or is not exempted, and the caregiver chooses to allow the RSO or non-exempted individual to remain in the home, the county must remove the minor or nonminor dependent. The county must rescind the approval, and provide the caregiver with notice and an opportunity to appeal the rescission of approval.

Approved Home Without Placement

Before placement can occur, the home must be assessed to ensure that the caregiver continues to meet all statutory and regulatory relative approval standards. For example, the county must ensure:

- Household Composition

All residents of the home have successfully cleared criminal background checks or have received the appropriate criminal record exemptions. Provided the county has in place the proper criminal records rap-back reporting from the Department of Justice, the county need only focus on the status of any new individuals who reside in the home, which includes conducting the required criminal background check.

- Health and Safety

All physical plant issues and clearances for health and safety have been met.

- Caregiver's Ability to Meet the Minor's/NMD's Needs

The minor's or NMD's needs, as well as the caregiver's abilities and capacities, may have changed since the date of the caregiver's initial approval. The caregiver's ability to meet the minor's/NMD's current and anticipated needs must be reassessed to ensure that the caregiver has the ability to meet those needs.

When all residents are cleared and the home is appropriate for placement, the "At Capacity" designation can be removed with a notation as to when it was removed and the reason why it meets child welfare standards for dependent care.

If you have questions about the relative approval process, please contact the Kinship Care Policy and Support Unit at (916) 651-7465 or at [kinship.care@dss.ca.gov](mailto:kinship.care@dss.ca.gov). For questions about RSO address matching, please contact the Outcomes & Accountability Bureau at (916) 651-8099 or at [CDSSRSOResponse@dss.ca.gov](mailto:CDSSRSOResponse@dss.ca.gov).

**SUBJECT: THE EMERGENCY ASSISTANCE PROGRAM**

The purpose of this All County Letter (ACL) is to provide County Welfare Departments (CWDs) and County Probation Departments (CPDs) with information and guidance on the Emergency Assistance (EA) Program. This ACL will also provide a general overview and background information on the EA Program with a section dedicated to answering Frequently Asked Questions (FAQs). In addition, the FAQs portion of this ACL will reference applicable ACL's, All-County Information Notices (ACINs), and County Fiscal Letters (CFLs) issued by the California Department of Social Services (CDSS) governing each EA subject area.

**EA PROGRAM OVERVIEW**

The EA Program in California is a federally-funded program under the Temporary Assistance to Needy Families (TANF) Block Grant. Federal financial participation (FFP) is available to provide short term aid to children/families in emergency situations who meet certain specified criteria. There are two main components of the program that were initially implemented in two phases.

Phase I focused on county probation and includes juvenile assessment centers, residential treatment facilities, foster care for wards deemed ineligible for Title IV-E, and after care services. This component is known as EA Probation; additional information regarding this component can be found in CFL No. 93/94-04, dated July 13, 1993 and ACIN No. I-02-98, dated January 5, 1998. For children served by Probation Departments, an emergency is defined in California's Title IV-A State Plan as a child's behavior that results in the child's removal from the home and a judicial determination that the child must remain in out-of-home care for more than seventy-two hours.

Phase II represents the EA Child Welfare Services (EA-CWS) component that provides services to children who are determined to be at risk of abuse, neglect, abandonment, or exploitation. The EA-CWS includes Emergency Shelter Care (ESC) and foster care benefits for dependents and voluntary placements that have experienced a qualifying episode that caused removal from the home. Funding is available for no more than one episode in a

12-month period. Costs and services funded under this component include foster care maintenance payments EA-FC, ESC, crisis resolution services and case management. Please refer to ACL No. 95-06, dated February 8, 1995; CFL No. 94/95-10, dated August 25, 1994; and ACL No. 93-64, dated September 1, 1993, for specific information on crisis resolution, EA-FC, and EA case management, respectively.

Phase II also includes maintenance payments provided to qualified aliens. Expenditures made on behalf of these recipients are referred to as EA-General Assistance (EA-GA). Costs are reported separately to identify the caseload and to accommodate a difference in sharing ratio from the FC cases. For additional information please refer to CFL No. 97/98-51, dated March 26, 1998, and CFL No. 99/00-52, dated January 28, 2000.

### **BACKGROUND**

Prior to the passage of the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) Public Law 104-193 enacted on August 22, 1996, the EA Program was an optional federal open-entitlement program under Title IV-A of the Social Security Act. It allowed states to obtain 50 percent FFP to reimburse for the cost of short-term assistance and or services, once the recipient was deemed ineligible for Title IV-E funds and met all EA eligibility requirements. On January 1, 1996, the federal Department of Health and Human Services (DHHS) terminated FFP under the EA Program for the cost of services to children in the juvenile probation system.

When PRWORA was passed in 1996, it repealed Title IV-A and eliminated EA as a separate, open-ended federal entitlement program. Federal statutes provided that TANF funds may be used for such programs that were receiving Title IV-A funds as in effect on September 30, 1995 or, at the State's option August 22, 1996. Federal Title IV-A funds that were previously used for the EA Program were subsumed into the TANF Block Grant.

California opted to continue the EA Program in effect on September 30, 1995, which included the Title IV-A Probation Program. Subsequently, in 1997 the California Legislature passed the Comprehensive Youth Services Act (CYSA) which provided TANF funds to County Probation Departments for the purposes of providing services previously provided under the old EA probation component. While the past several years TANF funds have been used for the TANF Probation Program, the program is no longer under CDSS as it is now being administered through the California Board of Corrections.

The TANF funds are currently allocated to CWDs for those services previously provided under the EA-CWS component. The CWDs are to ensure that they follow the EA Program rules that were in effect on September 30, 1995, in administering these funds to ensure continued federal eligibility.

For regulations that govern EA Program requirements, counties should refer to the Manual of Policies and Procedures (MPP) Section 31-002(e)(3)-(11), 31-410, 31-415, and Foster Care Regulations at MPP Sections 45-200 and 45-300. The instructions in this ACL become effective immediately.

### **FAQ'S AND RESPONSES**

1. Q. What are the federal eligibility requirements for receiving EA and where can I find them?
  - A. Reference: ACL No. 93-64 dated September 1, 1993. The federal requirements state that an emergency must exist within the family in order for the child to be considered eligible for assistance. For EA Program purposes, a family is defined as head of household and anyone living with the head of household. An emergency is defined as "...a child who is at risk of abuse, neglect, abandonment or exploitation." The following federal eligibility criteria must be met before a family can be determined eligible for assistance:
    - The child is (or, within six months prior to the month in which assistance is requested, has been) living with any of the specified relatives: their father, mother, brother, sister, half-brother, half-sister, uncle, aunt, first cousin, nephew, niece, stepfather, stepmother, stepbrother, stepsister, adoptive parent, or any such person of a preceding generation denoted by the prefixes grand, great, or great-great. This can include the spouse of any person named above, even after the marriage has been terminated by death or dissolution.
    - The family has not been authorized for EA during the previous 12 months in California. If the family had received EA during the previous 12 months, the next eligibility period begins 12 months after the beginning date of the previous period.
    - Based on child specific eligibility, each "eligible needy child" is considered a family or a family of one for the purposes of EA assistance and/or services provided under the EA Program. Therefore, when determining a child's income eligibility only the child's income is considered. Reference ACL No. 94-90 dated October 27, 1994, and ACIN No. I-04-95 dated January 19, 1995. The child's income cannot exceed 200 percent of California's Median Family Income, as certified by the applicant. Based on official data from the U.S. Department of Housing and Urban Development (HUD), the California Median Family Income for Fiscal Year 2005 is \$62,100. This amount when multiplied by 200 percent results in a median income of **\$124,200**. The amount is recalculated every fiscal year. For more information on the median income you may wish to visit the HUD website at: <http://www.huduser.org/search/search.asp>
    - The emergency did not arise because an adult family member refused without good cause to accept employment or training.

2. Q. Does EA fund ESC provided by a relative?

A. Yes. A child placed with a relative may receive EA-ESC for a period of 30 days, after which time there is no federal or State funding for relatives in ESC. (Refer to CFL No. 93/94-38 dated March 18, 1994). If a county decides to keep a child placed with a relative in EA-ESC beyond 30 days the county may utilize county-only funds for that placement or may refer the relative to CalWORKs for needy or nonneedy relative caretaker assistance. A relative, non-relative, or a Nonrelative Extended Family Member (NREFM) must have their home licensed and or approved to current standards before a child is placed in the home. For current information on license or approval standards for relatives, non-relatives, or NREFMs refer to ACL No. 05-13, dated June 16, 2005.

3. Q. What rate will be paid to relatives in ESC?

A. The foster care rate will be paid to relatives, non-relatives, and NREFMs who are in ESC. This is a change from previous policy and supercedes instructions issued in CFL No. 93/94-38, dated March 18, 1994.

4. Q. Does EA fund ESC provided by a non-relative or a NREFM?

A. Yes. EA will fund ESC when a child is placed with a non-relative or with a NREFM. Per Welfare and Institutions Code (W&IC) Section 362.7 the term NREFM is defined as *“any adult caregiver who has an established familial or mentoring relationship with the child.”* This may include, but not be limited to such persons as a teacher, neighbors, family friends, or medical professionals. A non-relative is a person who would not meet the definition of a relative found in MPP Section 45-101(r)(1)(A). A relative, non-relative, or a NREFM must have their home licensed and or approved to current standards before a child is placed in the home. For current information on license or approval standards for relatives, non-relatives, or NREFMs refer to ACL No. 05-13 dated June 16, 2005.

5. Q. What are the funding ratios for EA-FC, EA-CWS, and EA-ESC?

A. The sharing ratio for **EA-FC**, which pays for foster care maintenance payments is 70 percent federal and 30 percent county funds for a period of up to 11 months (1 month ESC plus 11 months FC).

**EA Crisis Resolution** is funded with 85 percent federal funds and 15 percent county funds. EA Crisis Resolution pays for services only and there is no time study code for social worker activities. For a more detailed listing of Crisis Resolution services refer to ACL No. 95-05, dated February 8, 1995.

**EA case management** is funded 50 percent federal, 35 percent State and 15 percent County for Title IV-E eligible costs. Non-federally eligible costs are funded with 85 percent State and 15 percent County funds. Section 15204.25 was added to the W&IC by AB 67, Chapter 606, Statutes of 1997 which maintains the county share of administrative costs for the EA Program at 15 percent.

**EA-ESC** for a relative, non-relative, or NREFM for the first 30 days is funded at 85 percent federal and 15 percent county funds. The EA-ESC for a non-relative or a NREFM over 30 days will be funded with 50 percent federal and 50 percent county funds until the county finds a suitable placement for the child. There is no EA federal funding for a child placed with a relative in ESC after the 30 day time period.

**EA-GA** cases which provide maintenance payments for qualified aliens, is funded with 50 percent TANF and 50 percent county funds.

6. Q. Will the Emergency Hotline Response continue as a Title IV-E claimable activity?
  - A. No. As outlined in CFL No. 05/06-26, dated September 28, 2005, the investigation activities previously claimed to Emergency Hotline Response will be claimed to EA-ER which is funded with TANF. This change to CDSS policy is based on information from the federal DHHS, Region IX, that costs of investigations are not allowable for Title IV-E funding. Investigative activities will be time-studied to EA-ER and the remaining activities i.e., assessments and referrals, will be time-studied to CWS case management. All CWS investigative activities can be claimed to EA-ER.
  
7. Q. What is the relationship between EA-CWS and EA-ESC?
  - A. The EA-CWS component includes ESC and foster care for dependents and voluntary placements. Effective August 1, 1994, the EA-CWS component was expanded to include emergency response activities and crisis resolution services. The EA-ESC is primarily associated with an emergency shelter care placement until the Social Worker (SW) finds a suitable placement for the child or the emergency has been resolved and the child returns home. The EA-CWS component provides a continuum of services such as foster care maintenance payments and Crisis Resolution services which may include, but not be limited to counseling, remedial services related to drug/alcohol abuse, or information and referrals. The services must be documented in the child's case plan.
  
8. Q. What are the time limitations for an EA-CWS and EA-ESC case?
  - A. The EA is limited within any twelve month period to a single episode per family with a maximum duration of twelve months or less or as necessary to resolve the emergency situation. If a child is placed with a relative in ESC, the funding is limited to a 30-day

period after which time there is no federal or state funding for relatives in ESC; refer to the MPP Section 31-415.2. If the child remains placed with a relative in ESC, after 30-days, the county may utilize county-only funds, find another suitable placement for the child, or refer the relative to CalWORKs, or subsequently determine that the relative's home is eligible to receive Title IV-E funds. A relative home must be approved to current standards prior to utilizing Title IV-E funds. The EA-ESC funds may be used for non-relative placements beyond 30 days at the 50 percent federal, 50 percent county rate until a suitable placement has been found or the child is returned home. The EA-CWS component for services may be utilized for 11 months.

9. Q. What is the Beginning Date of Aid (BDOA) for EA? When does the Not-to-Exceed (NTE) date end for EA?
- A. An EA application must be taken immediately or no later than 30 calendar days from the date the child is removed from the home or the date the child is determined to be at risk. (Refer to ACL No. 93-64 and ACL No. 94-90). The BDOA begins on the date the application is signed by the parent; this is consistent with the EA State Plan. The NTE date is counted 12 months from the date the application is signed. It is in a county's best interest to process EA applications immediately. If a county SW takes 30 days to process an application and an EW takes an additional 30 days to authorize payment, then FFP may be lost if the emergency ends prior to authorization of EA. Cases aided beyond the twelve month period under EA are to be funded with 100 percent county-only funds.
10. Q. Is EA-General Assistance (EA-GA), available for qualified aliens and nonqualified aliens?
- A. The term "qualified alien" is a federal term used only to define a person's immigration status for eligibility to receive federal means-tested public benefits. An alien shall only be eligible for aid if the alien has been lawfully admitted for permanent residence, or meets one of the other criteria of 8 USC §1641 which defines a "qualified alien". For additional information on qualified aliens refer to ACL No. 99-43, dated June 15, 1999. Counties should note any "qualified aliens" who entered the country after August 22, 1996, are prohibited from receiving TANF funded services for a period of five years from their date of entry, refer to CFL No. 99/00-52, dated January 28, 2000. The EA-GA Program provides benefits to qualified aliens who meet the criteria above i.e., who have resided in the U.S. five years or more, and have met all other program eligibility requirements. The EA-GA component is TANF funded with 50 percent federal funds and 50 percent county funds.

A nonqualified alien or an undocumented alien is not eligible to receive EA-GA program benefits. The 1996 Welfare Reform Act barred most nonqualified aliens from receiving federal public benefits.

11. Q. Can a county place a child in a relative's home on an emergency basis prior to Title IV-E relative approval of that home and claim ESC to EA?
- A. Yes. If the SW has completed an assessment on the home per W&IC Section 309 (d)(1) to temporarily place the child in the relative's home, the placement would be considered an ESC placement and would be claimable to EA. However, when the relative's home is approved and the child meets all eligibility criteria for Title IV-E Foster Care, counties should no longer claim EA. If the relative's home is not approved within 30 days and the child remains in their home, the county must shift the funding to county-only funds. The CDSS protocol dictates that a county claim Title IV-E first, if the child is eligible. The EA is used for non-federally eligible cases/costs only.
12. Q. Is the date the child was determined to be at risk the same as the date of removal?
- A. Yes, for the CWS application, the date the SW determines the child to be at risk should be the same date as the removal date, refer to ACL No. 94-90 dated October 27, 1994. The date on the EA 1 Form should reflect the date the child was removed from the home. The EW must authorize or deny EA and/or services within 30 calendar days from the date of application which is the date the parent/relative or SW signs the EA application.
13. Q. What happened to the EA Probation Component and does the 4K Aid Code still exist for EA Probation?
- A. On September 12, 1995, the federal Administration for Children and Families, DHHS, issued an Action Transmittal ACF-AT-95-9 which notified states that, effective January 1, 1996, FFP would be terminated under the EA Program for the cost of benefits or services provided to children in the juvenile justice system. This policy terminated federal funding for the entire Probation component of California's EA Program including juvenile assessment centers, i.e., juvenile halls, residential group care in camps and ranches, foster care, and after-care. The Aid Code 4K was eliminated. However, as stated on page two under Background, the TANF program allows California to implement the EA Program as it was operated on September 30, 1995, which included Probation. Aid Code 4K was not re-established as the TANF Probation program costs were treated as direct services passed through to the County Probation Departments via the County Expense Claim. While the past several years TANF Probation funds have been distributed by the CDSS to CWDs for EA probation, effective with the 2005-2006 Fiscal Year (FY) EA Probation funds are now administered by the California Board of Corrections.
- Federal TANF funds are currently used for the CWS component of California's EA Program for ESC, foster care and crisis resolution services. The EA Crisis Resolution, EA case management, and EA-ESC are claimed on the County Expense Claim. The

EA Foster Care cases are reported on the CA 800 A FED County Assistance Claim form using Aid Code 5K.

14. Q. Can counties claim the clothing allowance for a child receiving EA-ESC? If so how would counties claim this item?
- A. Currently there is no mechanism to claim a clothing allowance for a child in ESC. Counties would be able to claim the clothing allowance cost to EA only after a FC payment has been authorized. This cost would be claimed under the 5K aid code on the Assistance Claim.
15. Q. Are there age limit requirements for children receiving EA and if so, is there a link to school attendance?
- A. In accordance with provisions in the Title IV-A State Plan and ACIN No. I-18-94, dated June 28, 1994, the EA Program provides benefits and services for children up to the age of 21. There is no link with school attendance for the EA Program.
16. Q. Are NREFMs eligible to receive EA? If so for how long?
- A. The NREFMs and nonrelatives are eligible for EA-ESC and also the services component EA-CWS. The NREFMs and nonrelatives are limited within any twelve month period to a single episode per family with a maximum duration of twelve months or less or as necessary to resolve the emergency situation.
17. Q. Who can sign the EA Application (EA 1) on behalf of the child?
- A. In order of preference, the parent, or when the parent is unavailable or unwilling to apply on behalf of a child, the EA Application may be completed and signed by a relative or a county Social Worker. Refer to ACL No. 93-64, dated September 1, 1993.
18. Q. If more than one episode occurs during the year and the second episode appears likely to result in the need for more extensive services than was required by the first episode, can the first episode be abated and the second episode claimed?
- A. Yes. For example: a child is determined to be at risk, removed and placed in ESC for approximately 3 weeks and then returned to the parents and the case is closed. Six months later the child is again abused, the parent is arrested and it appears the child will be in foster care for at least 12 months. At this point the county could abate the first EA episode. A new application must be processed and the assistance authorized for the new emergency the county is choosing to claim. The new emergency consists of a new episode and, therefore, a new twelve month period of eligibility exists. Refer to ACIN No. I-41-93, dated November 4, 1993.

SUBJECT: CALIFORNIA WORK OPPORTUNITY AND RESPONSIBILITY TO KIDS (CalWORKs) PROGRAM REQUIREMENTS: NEW APPLICATION AND FORM FOR NON-NEEDY CARETAKER RELATIVES WITH RELATIVE FOSTER CHILDREN PLACED IN THE HOME

REFERENCES: [ASSEMBLY BILL \(AB\) 403](#) (CHAPTER 773, STATUTES OF 2015); WELFARE AND INSTITUTIONS CODE (W&IC) SECTIONS [309](#), [361.45](#), [11253.2](#) AND [16519.5](#).

The purpose of this ACL is to transmit a new simplified application and rights and responsibilities form for non-needy caretaker relatives caring for relative foster children, pursuant to AB 403, signed by Governor Brown on October 11, 2015. AB 403 will better support foster children in the homes of relatives by requiring a simplified CalWORKs application process for relative foster children placed with non-needy caretaker relatives. Effective January 1, 2016, the new application was developed to be user friendly to the non-needy caretaker relative and include questions specific to the child's information; therefore, improving program access and decreasing the administrative burden on County Welfare Departments (CWDs).

## **BACKGROUND**

When a child is removed from a parent and placed into foster care, state law requires that preferential consideration for placement be given to a relative. Relatives must be approved, meaning they must meet health and safety standards that mirror those for a licensed foster parent.

Although placement with a relative is the preferred placement, a foster child in the care of a relative may or may not receive the same level of funding as if the same child were with a non-relative. Funding depends on whether the child is eligible to receive federal Aid to Families with Dependent Children-Foster Care (AFDC-FC). While an approved relative may receive AFDC-FC payments on behalf of a *federally* eligible foster child, an approved relative caring for a *non-federally* eligible foster child is ineligible for AFDC-FC.

The approved relative may then apply to receive CalWORKs benefits on behalf of the non-federally eligible foster child in their care by filling out a lengthy application. Relative caregivers may also apply for CalWORKs while waiting for approval or denial of foster care funding. CalWORKs grants are not a per-child payment, but are based on the size of the family as a whole, and are less than the AFDC-FC rate.

This process can be time consuming and confusing for relatives. AB 403 will alleviate this process by providing a shorter CalWORKs application for relative foster children placed with non-needy caretaker relatives. The application is centered on the child only, and will clearly identify this as a non-needy caretaker relative. A shorter application can be processed more quickly, and the relative can receive benefits to stabilize placement.

## **APPLICATION AND RIGHTS AND RESPONSIBILITIES FORM FOR NON-NEEDY CARETAKER RELATIVES**

The CW 2219 application and CW 2218 form have been developed for non-needy caretaker relatives applying for CalWORKs on behalf of relative foster children who have been temporarily placed by the county child welfare agency under W&IC Sections 309 or 361.45, or placed in a related resource family home. The CW 2219 and CW 2218 (Rights and Responsibilities) are required, no substitute permitted forms, to be completed by the non-needy caretaker relative at initial application and redetermination. The simplified CW 2219 application asks for the child's information, such as income or property of the child. A separate application is required for each child for whom the non-needy relative caretaker is applying. The CW 2218 (Rights and Responsibilities) is specific to non-needy caretaker relatives. Although a separate CW 2219 is required for each child, one CW 2218 may be completed if the non-needy

caretaker relative is applying for several relative foster children at the same time. CWDs must begin using the new CW 2219 and CW 2218 immediately, using hard stock until they are programmed into the Statewide Automated Welfare Systems (SAWS).

Caretaker relatives who wish to receive CalWORKs benefits for themselves and/or other children in the home may not use the CW 2219 and must instead use the SAWS 2 Plus.

#### **STATEWIDE FINGERPRINT IMAGING SYSTEM (SFIS) EXCEPTION**

Use of the CW 2219 and CW 2218 does not change the process and procedures for application and redetermination. Normal CalWORKs rules apply, with the exception of SFIS. Non-needy caretaker relatives who fill out the CW 2219 are exempt from fingerprint and photo-imaging requirements. SFIS is required if the caretaker relative subsequently applies for CalWORKs for themselves and/or other children in the home who are not relative foster care children.

ALL COUNTY LETTER (ACL) NO. 17-16

TO: ALL COUNTY WELFARE DIRECTORS ALL COUNTY FISCAL OFFICERS

ALL COUNTY AUDITOR CONTROLLERS ALL CHIEF PROBATION OFFICERS

ALL COUNTY WELFARE DIRECTORS ASSOCIATION ALL CDSS ADOPTION REGIONAL AND FIELD OFFICES ALL TITLE IV-F AGREEMENT TRIBES

SUBJECT: RESOURCE FAMILY APPROVAL PROGRAM – CONVERSION OF EXISTING APPROVED AND LICENSED FOSTER CAREGIVERS TO RESOURCE FAMILIES

REFERENCE: [WELFARE AND INSTITUTIONS CODE \(W&IC\) SECTION 16519.5](#); ALL COUNTY LETTERS [\(ACL\) NO. 16-10 AND ACL NO. 16-58](#)

The purpose of this ACL is to provide county child welfare, probation departments and other interested stakeholders with information on the conversion process of all currently licensed foster family homes, approved relatives and Non-Relative Extended Family Members (NREFMs) for the mandated statewide implementation of Resource Family Approval (RFA). This ACL provides instructions on which aspects of RFA are to be completed for existing caregivers and what to include in the new Resource Family (RF) file (see Attachment “A”) as well as a Frequently Asked Questions document (see Attachment “B”).

This ACL describes the conversion process for the following existing caregivers:

- Approved relatives/NREFMs and licensed foster family homes with an approved adoption home study – (see page 3),
- Approved relatives/NREFMs and licensed foster family homes with placement of a child or Non-Minor Dependent (NMD) at any time during calendar year 2017 – (see page 4), and

- Licensed foster family homes and approved relatives/NREFMs without placement of a child at any time during calendar year 2017 – (see page 6).

Notification to Families

The W&IC section 16519.5 and Health and Safety Code section 1517.1 requires that *all* currently licensed foster family homes and approved relative/NREFM caregivers must be approved as RFs no later than December 31, 2019, in order to care or continue to care for a child or NMD.

Additionally, no later than July 1, 2017, each county shall provide the following information to its county-licensed foster family homes and approved relatives and NREFMs:

- A detailed description of the RFA Program;
- Notification that in order to care for, or continue to care for, a child or NMD placed by a public or private placement agency, court order, or voluntarily placed by a parent or guardian, RFA is required by December 31, 2019; and
- Notification that a foster family home license or approval of a relative/NREFM shall be forfeited by operation of law on December 31, 2019, except as follows:
  - If the caregiver has not had any children or NMDs placed in the home during the calendar year of 2017, their license or approval shall be forfeited by operation of law on January 1, 2018;
  - If the conversion to a RF has begun but has not been completed by December 31, 2019, the license or approval will remain in effect until the date of RF approval or on the date of completion of due process for a denied application; and
  - A license or approval shall be forfeited upon approval as a RF.

The California Department of Social Services (CDSS) does not have a prescribed format for this notification. It is each county's responsibility to provide this information to caregivers in a way that best meets the needs of the county and the families while fulfilling this requirement.

The Community Care Licensing Division (CCLD) of CDSS will provide the notification to all department-licensed foster family homes. If a county prefers to notify these licensees instead, it may request a list of the department-licensed foster family homes within that county by emailing [RFA@dss.ca.gov](mailto:RFA@dss.ca.gov) by March 17, 2017.

Approved Relatives/NREFMs and Licensed Foster Family Homes with an Approved Adoption Home Study

Approved relatives/NREFMS and licensed foster family homes will be deemed to be a RF upon confirmation by the county that (one) the caregiver has an approved adoption home study that was completed prior to January 1, 2018, and (two) that the home study has been updated pursuant to [Title 22, Division 2, Adoptions Manual section 35183.1](#). These caregivers are not required to have a placement in 2017 in order to officially change their status to a RF.

In cases where an approved relative/NREFM caregiver or licensed foster family home was referred to an Adoption Regional Office or licensed adoption agency to complete the adoption home study, the referring county will retain authority and oversight responsibilities of the RF.

The following shall occur to officially change the status of a licensed foster family home or approved relative/NREFM to that of a RF:

- The prospective RF shall submit a Conversion to Resource Family: Release of Information (RFA 00);
- Within 20 calendar days of receiving the RFA 00, the Adoption Regional Office or licensed adoption agency shall disclose an adoption home study and any updates to an adoption home study to the county;
  - The Adoption Regional Office or licensed adoption agency shall redact the names of youth in care including the child to be adopted and other identifying information from the adoption home study and any updates to an adoption home study,
  - Adoption files for the family and the child(ren) should remain with the adoption agency and adhere to adoption laws and regulations pertaining to content and storage,

See Attachment “A” for instructions on how to convert the existing file to a RF file. (Identifying information about any child or NMD shall be redacted from the documents);

- Upon approval, the county shall issue a Resource Family Approval Certificate (RFA 05A or equivalent) and include the date the family was approved as a RF. The approval date begins the period for annual updates;

Once a Resource Family Approval Certificate has been issued, the county shall notify the Adoption Regional Office or licensed adoption agency. The Adoption Regional Office or licensed adoption

- agency shall terminate Department of Justice (DOJ) notifications related to the family using the No Longer Interested notification

form. Licensing and approval agencies should adhere to regular record retention policies in case of an audit;

- Complete Child Welfare Services/Case Management System (CWS/CMS) instructions for conversion of the family to RF status;
- If a department-licensed foster family home informs a county of their interest in converting to a RF, the county shall notify the CCLD Regional Office (RO) that licensed the home. Upon approval of the RF, the county shall notify the RO so the licensing file can be closed; and
- Once the family is approved as a RF, their relative or NREFM approval or foster family home license is forfeited by operation of law.

*Conversion of Approved Relatives/NREFMs and Licensed Foster Family Homes with Placement of a Child or NMD at Any Time During 2017*

For approved relatives/NREFMs and licensed foster family homes who have a child or NMD placed in their home at any point in time during the calendar year of 2017, the following shall be completed to convert to a RF:

- The prospective RF must submit a Conversion RFA application (RFA 00A) and show proof of identity;
- Complete a Conversion to Resource Family: Release of Information (RFA 00);
- Create a RF Family File:
  - See Attachment “A”, for instructions on how to create or convert the existing file to a RF file.
- Conduct a Family Evaluation pursuant to RFA Written Directives section 6-05;
- - in cases in which only one member of a family was approved as a relative/NREFM or licensed as a foster family home, and another family member now wants to be approved as a RF, the unapproved or unlicensed family member will need to complete the RFA process as a new applicant,
  - It is best practice to approve both caregivers as the RF, if possible. This allows both caregivers to adopt or provide guardianship to a child in their care;

- Ensure each caregiver and adult residing in or regularly present in the home has a current criminal record clearance or exemption, and the subsequent arrest notification is still open and active. If not, then the county must complete a background check for that individual pursuant to RFA Written Directives section
- Complete a RF Written Report for conversion using form RFA 05C or an equivalent that includes the content contained in form RFA 05C;
- Upon approval, the county shall issue a Resource Family Approval Certificate (RFA 05A or equivalent) including the date the family was approved as a RF. The approval date begins the period for annual updates;
- Complete CWS/CMS instructions for conversion of the family to RF status;
- Once the family is approved as a RF, their relative or NREFM approval or foster family home license is forfeited by operation of law;
- If a department-licensed foster family home informs a county of their interest in converting to a RF, the county shall notify the CCLD Regional Office (RO) that licensed the home. Upon approval of the RF, the county shall notify the RO so the licensing file can be closed; and
- The county and CCLD shall work cooperatively to transfer the family's licensing file to the county.

If an approved relative or NREFM or licensed foster family home indicates they would like to adopt a child in their care or to adopt another prospective child, the county shall require the RF to submit fingerprints for a new federal and state level criminal record clearance pursuant to Family Code section 8712. The county must then update the Written Report to consider the criminal history of the RF, including the effects of any criminal history on the ability of the prospective RF to provide adequate and proper care and guidance to the child to be adopted.

If an approved relative or NREFM who had a placement in 2017, would like to continue to provide care for other children or NMDs, the caregiver is able to convert to a RF as long as there is a valid criminal record clearance or exemption on all adults residing or regularly present in the home and subsequent DOJ notifications about those individuals are being sent to the approving county. If subsequent DOJ notifications have been terminated, the family would need to complete the process outlined above.

If a county has approved a relative/NREFM home on behalf of another county, the approving county is responsible for the conversion of that home to a RF. A county may establish a joint agreement with the placing county for conversion of the family.

*Licensed Foster Family Homes and Approved Relative/NREFMs without a Placement of a Child or NMD at Any Time During 2017*

All licensed foster family homes and approved relatives/NREFMS that do not have a child or nonminor dependent in placement at any time between January 1, 2017, and December 31, 2017, shall forfeit their license or approval by operation of law on January 1, 2018. The family's licensure or approval status will need to be updated in CWS/CMS and the county shall close out the subsequent arrest notification with DOJ related to the caregiver(s) and the other adults in the home.

On and after January 1, 2018, if the family is interested in providing care again for a child or NMD, they will need to submit a Resource Family Application (RFA-01A) and complete the entire RFA process.

*Background Check Processes for Converting Existing Families*

An approved relative/NREFM or licensed foster family home may transfer an existing criminal record clearance/exemption for RFA conversion purposes without having to submit new live scan fingerprints. If an individual was printed by another county or CDSS, the county converting the home for RFA purposes must (one) request a transfer of the existing clearance/exemption from the originating agency, and (two) request a transfer of subsequent criminal history notifications from the DOJ using the Substitute Agency Notification Request form (BCII 9002).

In order for a clearance/exemption to be transferred for conversion purposes subsequent disposition and arrest notifications from DOJ must be available, as well as subsequent notifications of any substantiated Child Abuse Central Index (CACI) reports. Note that if an individual was approved before January 1, 1999, the county shall complete a new CACI check for the individual in order to receive subsequent CACI reports.

Further information regarding background checks, subsequent arrest notifications and other background check- related matters will be forthcoming.

Conversion Practice Considerations

There is no requirement as to which families will be converted to RFA first; however, prioritization is helpful to ensure that all families will be converted to RF status by December 31, 2019. Each county should consider the various levels of permanency when determining the conversion priority. Families with youth in care who will be moving towards permanency with the current caregiver could be converted first.

Families with placements in which reunification will not be occurring soon, could be converted next. Families who are caring for children in which reunification will be soon and the caregiver does not

The RFA program is a new approval process with new and different continuing requirements for caregivers. It may be helpful to provide information on the changes in caregiver responsibilities to families who are converted to Resource Families.

If there are any case specific situations that were not addressed in this ACL, please email the RFA Program Unit at [RFA@dss.ca.gov](mailto:RFA@dss.ca.gov).

Sincerely,

COUNTY FISCAL LETTER NO. 16/17-41

TO: ALL COUNTY WELFARE DIRECTORS  
ALL COUNTY FISCAL OFFICERS  
ALL TITLE IV-E AGREEMENT TRIBES  
ALL CHIEF PROBATION OFFICERS  
ALL COUNTY AUDITOR CONTROLLERS

SUBJECT: CONTINUUM OF CARE REFORM (CCR) HOME BASED FAMILY  
CARE RATE PHASE I CLAIMING INSTRUCTIONS

REFERENCE: [ALL COUNTY LETTER NO. 16-79](#)

The purpose of this County Fiscal Letter (CFL) is to provide assistance claiming instructions to the counties for the Continuum of Care Reform (CCR) Home Based Family Care (HBFC) rate structure for the first phase (Phase I) of implementation. The Phase I implements the Basic Rate (Level of Care [LOC] One) for specific placement types.

#### Background

Assembly Bill 403 (Chapter 733, Statutes of 2015) authorized and established the HBFC rate structure. The HBFC rate structure impacts the following placement types: Foster Family Homes (FFHs), Foster Family Agencies (FFAs), Resource Families (RF), relative guardians (Kinship Guardianship Assistance Program [Kin-GAP] and Federal Guardianship Assistance Program [Fed-GAP]), non-relative guardians, Short-Term Residential Therapeutic Program (STRTP), Group Home (GH), Adoption Assistance Program (AAP), After 18 program and relative caregiver placements. The HBFC rate structure will be implemented using a phased-in approach as stated in [ACL No. 16-79](#). Effective January 1, 2017, FFAs, FFHs, new Kin-GAP/Fed-GAP cases, STRTPs, After 18 and relative placements may receive Phase I (Basic Rate) rates. This letter addresses Phase I assistance claiming only.

### Assistance Claiming Instructions

Generally, unless noted in this CFL, implementation of the Phase I rates do not impact claiming on the County Assistance (CA) 800 claims as costs are claimed as usual for Emergency Assistance (EA) and the following placement types: FFHs, RFs, Kin-GAP, Fed-GAP, AAP and Group Homes. However, the conversion sequencing for HBFC rates does affect claiming instructions for the FFAs, relative caregivers and STRTPs. Additionally, county tracking of Wraparound will be affected. Counties will continue to use the existing CA 800 claims for the Phase I interim implementation period until full implementation of Phase II is complete in the Statewide Automated Welfare System (SAWS). Upon Phase II implementation, there will be a new CCR specific CA 800 claim to implement the remaining LOCs under the HBFC rate structure.

#### *Foster Family Agency (FFA)*

Currently, FFA assistance costs are claimed on the CA 800 "Foster Care Facility Report (FC1)" by inputting sharing ratios from the rates listing posted on California Department of Social Services' (CDSS) website to identify the nonfederal portion of the payments. There are two additional administration components, "Resource Family Approval" and "Services and Supports", added to the FFA rate for Phase I. These new rate components will be paid to the FFA as part of the administrative portion of the rate. These costs will be reflected under the Administrative column E on the FC1. The FFA sharing ratios will be updated and posted on the website below:

[Foster Care Rates](http://www.childsworld.ca.gov/PG1343.htm) (<http://www.childsworld.ca.gov/PG1343.htm>)

#### *Relative Caregivers*

As stated in ACL 16-79, effective January 1, 2017, all counties including those that had not previously opted into the Approved Relative Caregiver Funding Option (ARC) Program are required to pay approved non-federally eligible relative caregivers of dependent children a per-child, per-month rate equal to the foster care rate, pursuant to [Welfare and Institutions Code \(WIC\) section 11253.45](#). The payment will follow the same rules as the payment made under the ARC Program and will utilize the same funding sources as the ARC Program payment, namely a portion consisting of California Work Opportunity and Responsibility to Kids funds (if eligible) and the rest of the payment being composed of General Fund (GF). Similar to other assistance payments, there will no longer be an allocation.

Costs for all non-federal relative caregiver placements will be claimed on the CA 800 ARC claim. There are no changes to the ARC claiming instructions. The ARC claim instructions can be found in [CFL No. 14/15-52](#). A forthcoming CFL will clarify the claiming of ARC Program (and WIC section 11253.45) overpayments and eligibility changes. Claiming instructions for Foster Parent Recruitment, Retention and Support child care, including non-federally eligible relative caregiver placements, may be found in the [CFL No. 16/17-20](#).

*Reconciliation*

One of the goals of CCR is to move youth from Group Homes to lower levels of care, creating a savings to be used on services for the youth. Additional GF was invested up front to support CCR implementation, with the expectation that GH cases will step down to lower levels of care, and foster youth will have shorter stays in STRTP placements, resulting in savings that will be used to offset the initial investment. Through a process of reconciliation, the caseload movement savings (GF and 2011 Realignment) expenditures will be reconciled to determine if there is a cost increase or decrease to counties. A net increase in cost will result in additional GF being provided to counties. A net decrease will result in the GF investment being reduced. The reconciliation methodology was developed in conjunction with County Welfare Directors Association (CWDA) and the Chief Probation Officers of California (CPOC) and will use expenditures from the CA 800 and County Expense Claim to identify the amount of GF and 2011 Realignment cost impacts. Additional information regarding CCR reconciliation will be released in a forthcoming letter.

The CDSS will use Fiscal Year 2015-16 expenditures to establish a baseline and calculate the average cost per case prior to CCR. Two new tabs (“CCR Rate Adjustment Template [CA 800 CCR Rate]” and “CCR Summary By Funding Report [CA 800 CCR Summary]”) have been added to the CA 800 claims to be used for reconciliation. These tabs will be used as a reference for the GF and 2011 Realignment spent on CCR. To complete the new CCR reconciliation tab, the form “Prior to CCR Base Calculation of Average Payment Per Case for FY 2015-16” will be used to calculate a prior to CCR assistance cost per case, which will then be included in CCR Rate Adjustment Template. Once CDSS completes the “Prior to CCR Base Calculation of Average Payment Per Case for FY 2015-16” form, it will be submitted to counties for verification. Upon verification, the counties’ average cost per case will be programmed into the CCR Rate Adjustment Template. A forthcoming CFL will include detailed instructions for completing the “Prior to CCR Base Calculation of Average Payment Per Case for FY 2015-16.”

Once the CCR Rate Adjustment Template is automated with each county’s individual average cost per case prior to CCR, the templates will be linked to the existing CA 800 cells to auto populate the total costs for each specific aid code affected by CCR. Counties will only need to manually key in their Wraparound costs for the non-federal Wraparound cases. When the amount is entered into the CCR Rate Adjustment Template, the non-federal Wraparound costs will be subtracted out of the total. The CCR Rate Adjustment Template will determine the monthly total CCR costs that may result in payment adjustments between GF and 2011 Realignment.

The CA 800 CCR Summary tab will display all costs categorized by funding source, i.e., Federal/State/County 2011/County. Additionally, the CA 800 CCR Summary tab will show the shifting of costs as a result of CCR.

*Short Term Residential Therapeutic Program (STRTPs)*

Until Phase II automation is complete in SAWS, the STRTPs will be programmed as a Rate Classification Level (RCL) 15. Counties will report STRTPs under the GH section on the CA 800 FC1 tab.

*Wraparound*

Until Phase II automation is complete in SAWS, Wraparound will be programmed as an RCL 16. Counties will continue to claim Wraparound costs to the eligible aid codes on the CA 800 claim forms. Placement costs for Wraparound will be claimed on the SB 163 column in the CA 800 form "Summary Report of Assistance Expenditures Foster Care, Foster Care SB 163 Federal."

*Emergency Assistance (EA)*

EA is a funding source, not a placement type. A placement funded with EA will receive the rate based on the placement type. A youth placed in an FFA, FFH, RF, GH, or STRTP will be paid the respective rate for the placement utilizing EA funds.

*County Clothing Allowances and the Supplemental Clothing Allowance Line*

Counties should not report their clothing allowances in the main payroll or any supplementary lines in the current and prior month sections of the CA 800 claims. Any county clothing allowance provided in addition to the basic rate should be reported on the Supplemental Clothing Allowance line.

If you have any questions regarding this letter, please direct them to [fiscal.systems@dss.ca.gov](mailto:fiscal.systems@dss.ca.gov). Questions regarding the assistance claims should be directed to [assistance.claims@dss.ca.gov](mailto:assistance.claims@dss.ca.gov).

Sincerely,

## Assembly Bill No. 110

### CHAPTER 8

An act to amend Sections 7284.6 and 27388.1 of the Government Code, and to amend Sections 12306.1 and 12306.16 of, and to add and repeal Section 11461.35 of, the Welfare and Institutions Code, relating to government services, and making an appropriation therefor, to take effect immediately, bill related to the budget.

[Approved by Governor March 13, 2018. Filed with Secretary of State March 13, 2018.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 110, Committee on Budget. In-home supportive services provider wages: emergency caregiver payments for foster care: civil immigration detainees: recording fees.

(1) Existing law, the California Values Act, prohibits state and local law enforcement agencies from contracting with the federal government for use of their facilities to house individuals as federal detainees, except as specified.

This bill would specify that state and local law enforcement agencies are prohibited from contracting with the federal government for use of their facilities to house individuals as federal detainees for purposes of civil immigration custody, except as specified.

(2) Existing law imposes a fee, except as provided, of \$75 to be paid at the time of the recording of every real estate instrument, paper, or notice required or permitted by law to be recorded, per each single transaction per single parcel of real property, not to exceed \$225. Existing law exempts from this fee any real estate instrument, paper, or notice recorded in connection with a transfer subject to the imposition of a documentary transfer tax, as provided, or with a transfer of real property that is a residential dwelling to an owner-occupier.

This bill would additionally exempt from this fee any real estate instrument, paper, or notice executed or recorded by the federal government pursuant to the Uniform Federal Lien Registration Act, or by the state, or any county, municipality, or other political subdivision of the state. The bill would provide that these exemptions apply retroactively to any real estate instrument, paper, or notice executed or recorded by the federal government, or by the state, or any county, municipality, or other political subdivision of the state on or after January 1, 2018. The bill would also state that the exemption for real estate instruments, papers, or notices executed or recorded by the state, or any county, municipality, or other political subdivision of the state is declaratory of existing law.
